

THE LESLIE E. DWIGHT

GHOST OF DEAD  
LOVE MAY RISE TO  
HAUNT STILLMANShe Who Made Way for  
Flo Leeds Mentioned.

New York, March 28.—[Special.]—The possibility that Mrs. Stillman planned to bring the name of another woman into her counterattack against the divorce allegations of James A. Stillman, president of the National city bank, loomed up stronger today when details concerning this woman were disclosed.

Coupled with the disclosure there came a statement that the new figure in the suit was counted on to be one of the "star" witnesses for Mrs. Stillman.

According to a man conversant with every move so far made by either side, the girl preceded Mrs. Florence H. Leeds as the object of much attention from the banker. She was said to have introduced "Mrs. Leeds," then a member of the "Century" chicken chorus, to the financier.

She's Down and Out Now.

At one time, according to this informant, the new entrant in the divorce tangle lived in an expensive apartment here and maintained a country home on Long Island. She is now said to be without funds—"down and almost out" was the phrase employed.

It was said the trail that led to discovery of this woman was uncovered through anonymous letters to attorneys for Mrs. Stillman. The detectives investigated and the decision to take further action against the banker was said to have been the result.

This supplementary action, it was said, would be in the form of a new motion after Supreme Court Justice McPherson had disposed of the alimony and counsel fee proceeding.

Denies Knowing of Plan.

John F. Brennan of Yonkers, trial counsel for Mrs. Stillman, denied knowledge of any agreement on the part of Mrs. Stillman's attorneys to make a new motion to bring in the name of the alleged "second woman."

The lawyer said Mrs. Stillman could either ask the permission of the court to make a further amended answer or could start a new action for divorce or separation in another county.

Mr. Brennan characterized as "boob" the reports that Mr. Stillman might discontinue his action. Coincident with the revelations concerning the second woman, it was ascertained in Poughkeepsie, N. Y., that excerpts of alleged testimony given at the private hearing held on Dec. 22 before Referee Daniel J. Gleason were not accurate.

Deny Truth of "Testimony."

"I have read very carefully the published excerpts of the alleged testimony," said John E. Mack, guardian ad litem of Guy Stillman, "and I can unhesitatingly state that none of the attorneys in the case has given out any of the testimony. The same applies to the referee and to his stenographer."

In my opinion, this testimony was 'reconstructed' from the reported interviews with witnesses in Canada, and that it was put in question and answer form by some lawyer. Any one who has read the testimony could easily see that it was not taken from them."

In connection with the protest that the published version of the referee's hearing was one-sided, in that matter favorable to Mrs. Stillman, had been set out, it was ascertained that cross-examination of the witnesses at the hearing had shaken the original evidence of two of them. This cross-examination was conducted by George McGill of Cadwalader, Wickersham & Taft.

Referee Gleason again refused to make public the testimony.

**HELD AS PERJURER  
IN COAL INQUIRY,  
DETECTIVE SUES**

William E. Morton, private detective and prospective star witness for the state in its investigation of the alleged coal trust, yesterday filed suit for \$25,000 against Ben Newmark, chief investigator for State Attorney Crowe. Morton will charge false imprisonment. Morton was locked up at East Chicago avenue station last Friday and held until Saturday night, then booked for perjury, according to his lawyer, Edward Goodman.

Morton is employed by the McQuay-Norris Detective Agency. Last November he made a statement declaring he had overheard a member of the Retail Coal Dealers' bureau order the head of the agency to get evidence that would drive Mortimer B. Flynn, an independent coal dealer, out of business. Morton was called to the criminal court building Friday and it was learned he had signed an affidavit repudiating his previous testimony. He was immediately locked up.

In his affidavit Morton alleges Mortimer B. Flynn, president of the company, prompted him to make the first statement to representatives of the state's attorney's office. He denies he swore to this statement.

**MAN DEAD; BOOZE SUSPECTED.**

A body believed to be that of Andrew Miller, 60, was found in front of 770 West Adams street yesterday. It is thought the man died of alcoholism and exposure.

## MRS. PULLMAN IN FAMILY CIRCLE; HER HOME

Mrs. George M. Pullman, widow of the car builder and founder of the city of Pullman, Ill., who died yesterday of pneumonia in Pasadena, Cal., at the age of 82, is here shown in a "three generations" picture with one of her daughters and a granddaughter. Left to right—Miss Florence Lowden, daughter of Illinois' war governor; Mrs. Frank O. Lowden, and her mother, Mrs. Pullman.

WHITE HOUSE IS  
SURRENDERED TO  
THE CHILDRENEgg Rolling Custom Is  
Resumed.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., March 28.—[Special.]—Armed with baskets of gayly colored eggs, the children of Washington descended upon the White House today, carrying all before them in the resumption of the Easter egg rolling festivities on the lawns to the south of the executive mansion.

When the gates were opened this morning the children flowed in, capturing the four knolls, which they held against all comers, especially "grown-ups."

First Time Since 1915.

While there were many men and women in the crowd, they were admitted only when they accompanied the children. It was the first time since 1915 that the White House egg rolling had been permitted.

The weather was "just right." By 10:30 o'clock the grounds were crowded, and an hour later the four pretty knolls and all the spaces between were packed with children in their gay spring dresses.

President Harding was a witness of the happy childhood panorama before him, and he took part in a pretty incident shortly before the gates were opened to the children.

Little Winifred Hiser, 6 years old, in a new spring dress, and bearing on her arm a basket of eggs, waited in the walk leading from the White House to the executive offices. She is the daughter of an employee of the boiler rooms. As she stood there the president came down the path to his office, intent on starting his daily work.

Kissed by President.

Perhaps she epitomized for the president the great crowd of children which shortly "were to shout and run and laugh through the grounds. President Harding bent down and kissed the little maid twice, and asked her about the fine time she was going to have.

Paul Mann, 10 years old, managed to personally present the president with an egg, decorated with a shield of the United States, Boy Scout emblems, and other insignia. Paul climbed the low fence between the lawns and the executive offices and presented himself at the window as President Harding looked out to see the sport.

DOCTOR ACCUSED  
OF MURDER IN  
FIANCEE'S DEATH

Paris, Ill., March 28.—Dr. J. H. Nichols, a veterinary surgeon, today was charged with murder in connection with the death of Miss Ethel Crume, 23, who died at her home yesterday after taking a prescription said to have been sent her by Dr. Nichols.

Attempts by the police to find Dr. Nichols tonight failed.

The coroner today searched Miss Crume's room and found letters which he said had a bearing on the case. One of them, according to the coroner, was written to Dr. Nichols by Miss Crume, but had not been mailed.

She was quoted as telling the doctor in this letter that she would take the medicine he had sent her Sunday if she felt no better then.

According to Miss Crume's family, she was to marry the doctor April 3. Dr. Nichols' relatives denied this, however, and charged that Miss Crume had tried to force a marriage.

The result of the postmortem examination and the report of the state chemist at Springfield as to the nature of the medicine taken by Miss Crume will be made known when the coroner's inquest is held.

**AGED MAN DIES IN LAKE.**

The body of Jacob P. Benz, 60, of 618 Blackhawk street was found in the lake at Ohio street yesterday. Relatives could give no cause for the possible suicide.

"DEATH BY GAS"  
AS KILLER SLEEPS,  
LAW IN NEVADA

Carson City, Nev., March 28.—A bill providing for the use of lethal gas in executing the death penalty in Nevada was signed here today by Gov. Boyle.

Signing of the bill abolishes other forms of capital punishment in the state. Hitherto condemned men had the choice between hanging or shooting. Nevada is believed to be the first state to include gas as a means for capital punishment.

Under the new law the death warrant must designate a week within which the execution must take place. This week must not be less than sixty nor more than ninety days after the date of the judgment.

The law calls for a suitable cell for inflicting the penalty where gas is used and provides that the warden, a competent physician, and six other citizens must witness the execution.

It is intended that the cell should be air tight, fitted with windows of thick glass, and equipped with valves to admit air.

It was planned that when the condemned man should be asleep the air valves would be closed and others admitting lethal gas be opened, life being taken without the prisoner's awakening.

**Harding to Wear White  
Carnation Every Day**

Washington, D. C., March 28.—[Special.]—Ferdinand W. Peck of Chicago gained from President Harding today a promise to wear a white carnation every day for the next four years.

President McKinley made it a practice early in his administration to wear a red carnation every day. Mr. Peck said today he had suggested that Mr. McKinley wear a red carnation, and that this had given him the idea of asking Mr. Harding to wear a white carnation.

**Quakers Appeal to U. S. to  
Spend No More on Navy**

Philadelphia, Pa., March 28.—Philadelphia Orthodox Friends today asked President Harding to start a world disarmament movement. They urged the United States to refrain from spending additional money for the navy.

**Meat Cleaver Murder Quiz  
Halted; Police Ask Time**

The inquest over Louis Waterman, 2536 West Division street, killed Sunday with a meat cleaver by his wife, Dora, after he had returned home intoxicated and threatened to kill her, was continued yesterday until April 9. The police believe a son, Russell, may have aided the woman. They asked time to investigate.

CAMERON CALLS  
ALIENATION SUIT  
PURE BLACKMAILNew Arizona Senator  
Promises Fight.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., March 28.—[Special.]—Senator Ralph H. Cameron of Arizona not only denies the accusation against him in the \$100,000 suit brought by Edward T. McFarlin of Boston for alleged alienation of his wife's affections but characterizes the suit as a "blackmailing attempt" to discredit him as he is entering the senate.

"I hesitate to employ strong language where a woman is concerned," said Senator Cameron, "but since I have been attacked unfairly and unjustly I feel I owe it to my family and to my friends to make my position as clear as there will be no misunderstanding."

**Met on Overland Train.**

"I first met Mrs. Margaret Worcester McFarlin in the observation car of the Overland limited in 1912, when I was on my way from Arizona to Washington. She and I were but two of several who met casually, as it is not unusual for those traveling together for three days between the Pacific coast and Chicago to do."

"She was not then married to McFarlin. I have met her but twice since. I have met her husband, McFarlin, but once, and that was at Boston after they were married."

Papers in the case were first filed in 1915, or five years ago. Although I have spent much time in New York City on business during that time, always stopping at the Waldorf, and although my movements were well known to my friends and acquaintances in that city, no effort was ever made to serve a subpoena upon me, nor was one served upon me until two or three nights ago, when it was handed to me as I was coming out of my office here.

**Will "Fight With Both Fists."**

"Now that I have become a United States senator those behind this ridiculous suit have evidently decided to attack me in the hope of injuring me by giving widespread publicity to the absurd charges made by this woman."

"I am not afraid of these charges any more than I am of my political enemies. I have been accustomed to hard fights all my life, and I am prepared to fight this suit now with both fists, fearlessly and in the open, knowing, as I do and as my friends do, that the accusations of McFarlin are untrue, unjust, ridiculous, and above everything else, a blackmailing attempt to discredit me just as I have taken my seat in the United States senate."

Senator Cameron's son, a young man of 26 or 27 years, is standing by his father. He was in the office when the senator gave out his statement.

**Suit Filed in New York.**

New York, March 28.—The formal complaint against Senator Cameron, filed in the Supreme court here by Edward T. McFarlin, contains only a brief outline of the suit. It merely alleges that the senator exerted "undue influence" over Mrs. Margaret McFarlin in 1915 and that he "harbored and detained her." Little is known here of the McFarlins. According to the complaint, they were married in 1913 and lived in Stoneham, Mass., until 1916.

THREE COPS SEE  
SHOOTING, BUT  
LET MAN ESCAPEVictim Near Death;  
Police Face Layoff.

While three policemen were in a restaurant at 1508 West Harrison street late last night, "Mike" Demillo, the proprietor, shot a customer in the head because he had refused to pay for a meal, and then escaped.

One of the policemen, John Boyle of Desplains street station, was trying to take the revolver from Demillo when the shooting occurred. The victim, Charles Manuelli, a special deputy sheriff and owner of the Boston Biscuit company at 514 South Loomis street, is at the county hospital. He is expected to die.

The two other policemen were Walter Widholme and Frank C. Lopahs, both of Maxwell street station.

**Lieut. Norton Investigates.**

Lieut. John Norton of the detective bureau appeared at the scene to investigate half an hour after the shooting and made a report to Chief of Detective Hughes. Hughes will report to Chief Fitzmorris this morning, and the suspension of the three policemen for permitting Demillo to escape may follow.

The peculiar tragedy of the situation was that Manuelli was merely an interested bystander in a quarrel that developed between Demillo and Sam Serpe, 772 Blackhawk street, a customer who had just finished a meal.

**Sought to Settle Quarrel.**

Serpe started a dispute over the price of the meal, claiming he had been overcharged. Boyle was in the restaurant, and he and Manuelli tried to act as peacemakers. Demillo, however, became more and more angered, and when Manuelli offered to pay for the meal he refused to accept the money. He drew his gun and threatened to kill Serpe.

The other two policemen were on their beats across the street. Hearing the quarrel, they came in. Boyle backed Demillo against a wall and tried to take his gun away from him, but the Italian shot from behind the policeman.

In the confusion Demillo escaped through a rear door.

ROUGED GUESTS  
IN HARVARD HALL!  
CELL GETS THEM

Cambridge, Mass., March 28.—[United News.]—In a raid on Randolph hall, Harvard dormitory, five persons, rouged and powdered and dressed in the height of feminine fashion, were arrested by the Cambridge police this afternoon.

No women are allowed in Harvard dormitories, so when Patrolman Skinner saw this gay quintet cowering shamefully with some of the students the laws of Cambridge were quickly invoked.

Meanwhile players in the Hasty Pudding club's amateur show, "Wardward Ho!" were waxing impatient at the nonarrival of the female characters of the cast for rehearsals. A posse was sent out and the "wild women" were located at the police station, where, after identification and assurances of good character, they were all released.

## GERMANY MOVES TOWARDS WORLD TRADE CONTROL

BY EDWIN L. JAMES.  
[Chicago Tribune-New York Times Cable.]  
[Copyright: 1921.]

PARIS, March 28.—Germany is in a position to undersell all her rivals in the markets of the world. Unless she is prevented, it is merely a question of time before Germany dominates the trade of South America and the Far East even more thoroughly than before the war.

If English or French competitors talk of quality of their goods—Germany will equal that quality. Do Americans speak of mass production and overhead costs cut down by cooperation—Germany will produce in a greater mass, and her industrial combinations have been developed to the utmost degree of overhead saving and efficiency.

Huns Will Eat What We Spurn. Everyone knows that the workers of America reached a new standard of comfort, even luxury, during the boom years of the war and "the wild years of spending" that followed it. Food standards showed corresponding improvement. Wages were forced high. Now labor in America and allied countries is trying to keep what it gained, and that attempt is not the least of factors underlying present industrial and commercial depression.

In Germany things are very different. The rise in wages was not sufficient to counterbalance the increased cost of food and clothing. During the last three weeks in the newly occupied area of Rhineland—once the richest industrial section of the world—I have visited dozens of workers' homes and have eaten their food and have seen for myself conditions in which they live. I am prepared to state that no American or English workman would accept such conditions or be content with such food. Yet Germans are not only willing but happy to get it.

Work 44 Hours for \$5. What does this mean in terms of economic production? Just that the skilled German workers are glad to do their forty-four hours per week at a fair average wage of less than \$5, all told.

## BANK OF KINDNESS

Draw a Check on It for the Unfortunate.

ment buildings. The Bank of England is also being closely guarded. Armed police are held ready to rush to the scene of an outbreak at a moment's notice in swift motor cars. The guards were doubled on all places that might be the subject of the Sinn Fein plots.

## FARMERS' LEADER SLAIN

BY JOHN LESTER.  
[Chicago Tribune Foreign News Service.]  
[Copyright: 1921: By The Chicago Tribune.]

DUBLIN, March 28.—William McCarthy, secretary of the Kerry Farmers' association, who was arrested last Saturday in the Railway hotel at Tralee by English cadets in civilian attire, was shot dead a few hours later. His body was found today. The police

declare that McCarthy was shot while trying to escape.

It is reported here that the people of Tralee are much aroused over alleged action of police recently in firing a machine gun into a Catholic church from a priest's house which they had commandeered.

## Interrupt Phone Service.

Telephone communication was partially interrupted in Dublin today when Irish "republican" raiders carried off instruments from a local exchange "for use by the army."

Two minor attacks against crown forces occurred today. Twenty black and tans were attacked on Wexford street and an elderly man wounded by the fire of the military. The other attack happened near the North Dub-

lin barracks when volunteers fired on a military lorry.

It is reported that the naval station at Kingstown, eight miles from Dublin, was attacked at 11 o'clock last night. Residents of the locality heard revolver shots followed by bomb explosions and rapid fire lasting for half an hour. Military and naval patrols were active subsequently but no official report has been issued.

## WALES TO VISIT ERIN?

LONDON, March 28.—It was reported today on excellent authority that the prince of Wales would open the new Ulster parliament to be set up under the home rule act passed at the last session of parliament. The prince, it was said, would also visit other districts in Ireland.

Every Coat Guaranteed Rainproof

## Electricity—the Distributor of Power

NO longer must the source of power be one with the place of its use. Electricity conveys cheaply and efficiently the forces of light, heat and motion to the point of greatest convenience. It makes home life happier, brighter and better by doing mechanically the many tasks that under old methods were only accomplished by arduous human effort.

In placing electricity at the disposal of the home owner, faithful service has been rendered by the technicians of the industry—qualified architects, electrical engineers and contractors—men whose technical knowledge and experience provide the service that results in greatest efficiency and economy.

To be certain that your installation is dependable, select only such materials as have consistently demonstrated their worth. Habirshaw insulated wire and cable, for example, have for more than thirty years been the accepted standard of the electrical industry. With your other materials of a quality equal to Habirshaw, you may feel assured that your selection has been wisely made.

Habirshaw insulated wire and cable is produced in millions of feet monthly, a fact that, coupled with nationwide distribution through the merchandising organization of the Western Electric Company, brings it to every active market of America at minimum cost.

Ask any architect, electrical engineer or contractor for the "Home Electrical," Habirshaw's new booklet on the uses and economies of electricity in the home.

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn instantly that corn stops hurting then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

## KEEP 'LIFE' PRISON PLEA OF

Aldermen Ask Parole

The city council passed yesterday a resolution that when a prisoner is sentenced to life imprisonment there until he dies. The action was taken introduced by Ald. Lyle state legislature to repeal of the parole law which would "lifters" of in the penitentiary. been repeatedly condemned.

Mayor Backs

Mayor Thompson council's action in the meeting.

"Release of murderers simply increases murders," the mayor like protecting the decent people. crook has the call people at present. man to life if you lease him in twenty will be fair to ask: crooks in jail at all?"

"Kissed Through" Ald. Lyle said the mitting the parole of "kissed through" 1917.

"Michael Igoo was the amendment, which publicity and little Ald. Lyle said: "I knew the effect it would."

O'CONNOR CAPT

The capture of Tom murderer of Detective O'Neill, is expected within hours. He is said to way out of the state. Egan, Thomas Burke O'Connor are on his trail. Chief of Detectives a telephone message of man who knows O'Connor he was keeping track of found O'Connor outside said.

The detectives left information and report that the information they expected to get the nor's lawyer, W. W. O town also. He is supposed to Benton Harbor, Mich.

## ACTORS PA LOOP TO THEIR B

The actors' fund bene Michigan boulevard yesterday the atmosphere of the with musical comedy at the plays in town through measure. The shopping thrilled with the m bands, bapplies from. "sightseeing wage a fair array of st and a real camel party with pretty girls t his roof. It was rather for the girls, much looks on the stage in " there was only one mis Marion Moorehouse at the camel's back until a turn at State street. The balance and sld gracefully were plenty of men to up, and she finished the "Irene" company car. "Ethel," the horse Koo," was expected to be but the two men who op legs of the beast failed "Ethel" could not m mond Hitchcock made up ing a band and operat

## KEEP 'LIFERS' IN PRISON FOR LIFE, PLEA OF COUNCIL

### Aldermen Ask Change in Parole Law.

The city council in a resolution passed yesterday declared unanimously that when a criminal is sentenced to life imprisonment he should be kept there until he dies.

The action was taken on a resolution introduced by Ald. Lyle petitioning the state legislature to repeal that section of the parole law which permits the parole of "lifers" after twenty years in the penitentiary. This section has been repeatedly condemned by Chief Plummers.

#### Mayor Backs Up Council.

Mayor Thompson backed up the council's action in a statement after the meeting.

"Release of murderers after twenty years simply increases the number of murders," the mayor said. "It looks like protecting the crooks instead of the decent people. Apparently the crook has the call over the decent man at present. Why sentence a man to life if you are going to release him in twenty years? Soon it will be fair to ask: Why put the crooks in jail at all?"

#### "Kissed Through" Legislature.

Ald. Lyle said the amendment permitting the parole of "lifers" was "kissed through" the legislature in 1917.

"Michael Igoe was responsible for the amendment, which was given no publicity and little consideration," Ald. Lyle said. "I don't think Igoe knew the effect it would have."

#### O'CONNOR CAPTURED NEAR

The capture of Tommy O'Connor, murderer of Detective Sergeant P. J. O'Neill, is expected within twenty-four hours. He is said to have made his way out of the state. Detective Charles Egan, Thomas Burke, and William O'Connor are on his trail.

Chief of Detectives Hughes received a telephone message on Sunday from a man who knows O'Connor and who said he was keeping track of him. He had found O'Connor outside the city, he said.

The detectives left at once on this information and reported last night that the information was good and they expected to get their man. O'Connor's lawyer, W. W. O'Brien, has left town also. He is supposed to have gone to Benton Harbor, Mich.

### ACTORS PARADE LOOP TO BOOST THEIR BENEFIT

The actors' fund benefit parade on Michigan boulevard yesterday gave all the atmosphere of the spring circus, with musical comedy and stars of all the plays in town thrown in for good measure. The shopping district was thrilled with the music of jazz bands, burlesques from "The Night Boat," sightseeing wagons filled with a fair array of stage beauties, and a real camel parade along the route. The parade was a success, and the fund for the "Ethel" was rather slippery sailing for the girls, much harder than it looks on the stage in "Aphrodite," but there was only one misadventure. Miss Marion Moorhouse stuck bravely on the camel's back until she rounded the turn at State street. Then she lost her balance and slid gracefully off. There were plenty of men to help pick her up, and she finished the parade in the "Ethel" company car.

"Ethel," the horse from "Hitchy-Koo," was expected to be in the parade, but the two men who operate the front legs of the beast failed to appear, and "Ethel" could not navigate. Raymond Hitchcock made up for it by leading a band and operating on bagpipes.

## FAMILY OF 12, HOMELESS

August Kaufman and his family: Left to right—Hallie, 13, with Lillian, 3; Lydia, 6; August Kaufman, the father, with Ernest, 4, and Freda, 6; Agnes, 9; Mrs. Kaufman with baby Dorothy, 7 months old; Elsie, 16; Ruth, 11; and, in rear, Arthur, 17.

### BUSIEST DAY FOR LEGISLATURE AT SPRINGFIELD

#### Pleas to Raise Taxes One Feature.

BY E. O. PHILLIPS.

Springfield, Ill., March 28.—[Special.]—The Illinois legislature faces a business program for tomorrow that outdistances all that has been transacted in three months.

#### Here is tomorrow's prospect:

**REVENUE**—All of the tax raising bodies, from the state down, will be heard on their petitions for increases in their individual rates and exemption from the July law restrictions. Fifty bills to increase taxes are pending.

**FIVE CENT FARE**—Mayor Thompson's transportation district bill will have its last hearing tomorrow night before the house committee on public utilities, where its foes are to have a chance, but the bill is scheduled to pass the house.

**CHICAGO RENT BILL**—Committee discussion of the Kessler bill closes tomorrow afternoon.

**UNIVERSITY OF ILLINOIS**—The full force of those who favor the increased appropriations to the University of Illinois will be exerted tomorrow and Wednesday before the appropriations committee of senate and house.

#### To Vote on Road Inquiry.

The bill resolution in the senate for an immediate legislative investigation of the road building situation is to go to a vote tomorrow. The state administration apparently has withdrawn any opposition it has, with the proviso that an amendment be included that the investigation also take in the gravel and cement supply. Senator Bush tonight agreed to accept this amendment and the resolution is likely to be passed tomorrow morning.

### Man Gets Law's Limit for Attacking Girl in School

Judge Peltzer in Municipal court yesterday gave Edward Stadler, alias Wilson, the maximum penalty for attacking a 15 year old girl in the Delano school at 3337 Wilcox avenue. Stadler was seized by two teachers and the fireman of the school as he was leaving the building on March 21. In default of the \$200 fine Stadler was sent to the bridewell. Stadler was fined \$25 and costs for a similar offense in 1912. The police say.

### Face Eviction

UNLESS a fairy godmother suddenly provides them a new abode, August Kaufman of 1250 Ardmore street and his wife and ten children will be camping on the street today as a result of the housing shortage.

Kaufman charges the R. H. Beltrac company, 1248 Fullerton avenue, failed to sign a contract under the terms of which Kaufman came to Chicago to manufacture wrenches.

"Mr. Beltrac, who lives in Forest Park, promised to sign a contract to pay me \$100 week and give me a percentage on the sales of the wrenches which I make," Kaufman said last night. "He bought this house, for which I was to pay \$40 a week. Finally I asked him to sign the contract, but he refused, saying his word was as good as gold. I then refused to make any more wrenches, and because I was unable to pay the installment on the house due on March 1 I have already paid \$1,200 on the house."

Kaufman said he has searched the city for quarters for his family, but has not found a vacant house or apartment.

### STATE ST. GEM MAN JAILED IN \$1,000,000 THEFT

Postal inspectors investigating the \$1,000,000 mail robbery at the Union station on Jan. 18 arrested J. G. Sampson, State street jeweler, yesterday afternoon. Sampson refused to give any information regarding the whereabouts of Isadore H. Starr, his partner, for whom a warrant was sworn out Saturday night, and was placed under bonds of \$2,500. He was sent to the county jail.

Inspectors A. E. Gerner and Robert B. Mondelle obtained a confession from Louis Krietzler, advertising man, on Saturday. He said the \$34,000 worth of stolen bonds which he attempted to dispose of to a brokerage house were given to him by Starr.

Both Starr and Sampson were investigated several years ago in connection with the \$250,000 robbery of the Heller-Rose jewelry store.

**PASTRY COOKS' AGENT FREED.**—A failure of the prosecuting witness to appear yesterday caused Judge Howard Hayes to dismiss charges of "disorderly conduct" against Herbert Gould, 3075 Calumet avenue, arrested Saturday night after he appeared at a dance in Turner hall, 757 North Clark street, and invited "any one to stop out and fight." Gould is business agent for the Bakers and Pastry Cooks' union.

### SCHOOLS TO ASK MORE MONEY AT CAPITAL TODAY

#### Mortenson and Large Delegation Leave.

Today will be a field day for the Chicago public schools at Springfield, where arguments for increased revenues will be made by a group of Chicago educators before a joint session of the revenue committees of both houses.

#### Leaders Off to Capital.

The Chicago contingent, headed by Supt. Mortenson, left for the state capital last night. Among those in the party were: Morgan G. Hogge and Ambrose Wight, assistant superintendents; Fred Smith, president of the Principals' club; William J. Barthol, William B. McCoy, chairman of the Chicago schools committee; C. C. Willard of the high school teachers' council, and Mrs. Ida M. Pursman, president of the Chicago Teachers' federation.

"The Chicago schools are existing on borrowed money," said Mr. Mortenson. "We simply must have more money or we will have to cut the pay of the teachers 33 per cent. We will present the facts to the legislators and let them draw their own inferences."

He added that the city cannot much longer finance its school system on "plans fifty years behind the times."

#### Club Indorses Five Bills.

Miss Edith Rockwood, civic director of the Woman's City club, already is in Springfield to attend the hearing on revenue measures to be held Tuesday afternoon.

The club has indorsed the following bills: Senate bill 75, appropriating \$20,000,000 for the state school fund; senate bill 168, providing additional revenue for public libraries, passage of which would enable the Chicago Public Library to expand its service; senate bill 110 and house bill 232, making mandatory the present law permitting school boards to establish kindergartens; house bill 294, amending the mothers' pension act, and senate bill 10, as amended, permitting a referendum on a county tax for the purpose of providing medical care for mothers and for children under 1 year.

## VIVIANI ARRIVES WITH MESSAGE FROM OLD WORLD

### Welcome Is Vociferous if Informal.

New York, March 28.—Rene Viviani, envoy extraordinary from France, who arrived here today, will go to Washington tomorrow to pay his respects to President Harding and call on Secretary of State Hughes. On his arrival the French statesman issued the following prepared statement:

"I have come to the United States to pay to the president of that great republic the respects of my country and of France. I can, therefore, make no statement until I salute the first citizen of the great democracy and the great noble people for whom France keeps her tender affections and eternal gratitude."

#### White Wing Band Adds Welcome.

The ex-premier was taken on quarantine by the cutter Manhattan. The police steamer John F. Hyland, flanking the lower bay with the strains of "The Marseillaise," by the street cleaning department band, greeted the distinguished visitor on behalf of Mayor John F. Hyland.

Thousands of persons gathered at the pier. The visitor came forth in the center of a large party. Dressed simply in a blue suit with a brown fuzzy hat, the envoy extraordinary was lost in the colonnade of silk hats surrounding official and unofficial well-wishers.

#### Jusserand Misses Connections.

Shortly after the arrival of the party at the Hotel Vanderbilt, French Ambassador Jusserand arrived, slightly indignant.

"You missed connections, sir," said one of the French party.

"The arrangements missed me," he replied. "I went to the hotel on time. Nobody was there to see me." M. Viviani will remain in Washington until Friday, when he will return to this city. He will return to Washington Sunday and is to be a guest of honor next Monday at a dinner to be given by Senator Medill McCormick, who recently returned from France. On Thursday, April 7, he will again return to New York. Thereafter he will spend most of his time in Washington until he leaves again for France.

**DIES IN 106TH YEAR.**—Little Falls, Minn., March 28.—Thomas Drowkowski, 106 years old, a resident of Morrison county for more than fifty years, died here today.

## RICH ODOR AT LIQUOR TRIAL ANNOYS LANDIS

Three times yesterday, while attorneys were attempting to pick a jury to try Dr. K. Newton Roe, Fred Workman and L. C. Franz, Judge K. M. Landis instructed the bailiffs to raise the windows of the courtroom "to get rid of the whisky smell."

Despite the frequent ventilation, several hundred court fans continued to enjoy sniffing the alcoholic ozone and grinning at one another. All eyes were turned on the side of the room where almost a million dollars' worth of bonded whisky and rare wines was stacked.

The stock is "exhibit A" of the government's case. It was confiscated when dry agents raided the New Southern hotel and arrested Roe, president of the concern; Workman, the manager, and Franz, the bartender, on charges of violation of the prohibition laws.

It required three hours for the selection of a jury. Ten former saloonkeepers were challenged by Assistant District Attorney Capt. John B. Bodie. Seven farmers were ousted by Attorney Michael Igoe, counsel for the defendants. The defense manifested a desire to get a "nonfarmer" jury. Conviction of Mike de Pike Heitler and five codefendants by a jury which included a number of farmers is the reason.

### Senator McCormick to Tell Club of Journey Abroad

United States Senator Medill McCormick will speak before the Men's club of St. Paul's church, Orchard street, Kemper place, and Pullerton avenue, tomorrow evening. He will discuss his observations in Germany and central Europe.

## MANCHU THREAT STIRS CHINA FOR THE THIRD TIME

Cabinet, Already Shaky,  
Fears New Coup.

(Chicago Tribune Foreign News Service.)  
PEKING, March 28.—Rumors of a third attempt to restore the Manchu dynasty as the ruling power in China and of the impending resignation of the cabinet have disrupted the calm which had settled over the internal affairs of the nation.

The reported plan to reestablish the empire is taken by officials to be the outgrowth of the capture of Unga early in February by Baron Ungern, an associate of Gen. Semenov, the anti-bolshevik leader in Siberia.

The coup is said to have been effected by Gen. Semenov after an agreement with Gen. Chang Tso-Ling, China's present war lord and the dictator to the republic.

**See Army Chief Behind Plan.**  
Chang has been requested by the Chinese government to rush reinforcements to Mongolia to recapture Unga. Instead he made a demand for funds to raise two more brigades and in the meantime has been holding a large birthday celebration at his home in Mukden.

It is believed that Chang will demand the restoration of the Manchu dynasty, with himself as the power behind the throne, in return for the expulsion of the combined Russian and Japanese forces from Mongolia.

This belief has been strengthened by the return to Peking of former Prince Tuan, one of the staunchest supporters of the Boxer uprising, who has been in exile twenty years.

**Former President Worried.**  
The climax of the monarchy talk was reached when an interview was given by an American newspaper man by former President Li Yuan-hung, in which Li was quoted as saying that if the expected clash in the spring between the Chihli and Chang Tso-Ling happens, it will result in the monarchist movement "which Chang is now promoting and which is inevitable."

The fall of the cabinet, which seems imminent, has as its immediate cause the pauperized condition of the government. The ministry of finance has not been able to find the necessary funds to meet the urgent administrative and military expenses.

Teachers in the government educational institutions are striking because their salaries have not been paid for months and the ministry of education is bankrupt.

Admiral Sah Chen-ping, the minister of the navy; Fan Yuan Lien, minister of education; and W. Y. Yen, the minister of foreign affairs, are all "officially ill," which is the Chinese custom of procedure preliminary to resignation.

Prime Minister Chin Yun-peng is also contemplating quitting his post.

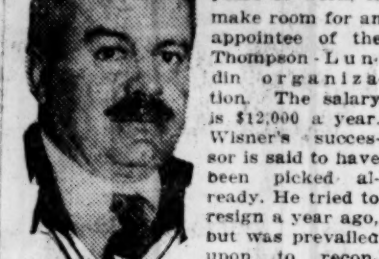

If Chang should prove successful in his attempt the monarchy would very likely prove short lived.

Two attempts have been made to re-

## SANITARY BOARD REMOVES WISNER, VETERAN EMPLOYEE

George M. Wisner, chief consulting engineer for the sanitary district, has been dropped from the service after twenty-nine years of work, to make room for an appointee of the Thompson-Lundin organization.

The salary is \$12,000 a year. Wisner's successor is said to have been picked already. He tried to resign a year ago, but was prevailed upon to reconsider. At one time he was in charge of the Chicago river improvement, then was made assistant to the chief, and finally chief. He is a member of the leading engineering societies.

GEORGE M. WISNER

store the empire since the founding of the republic. The first attempt was that of Yuan Shih-kai, the first president of the republic, and the latter was led by Chan Hun. Both ended in failures and in the death of the leaders.

## 80 MILE GALE CAUSES DEATHS IN NEW YORK

New York, March 28.—An eighty mile gale sweeping down New York late today tore off roots, uprooted trees, caused accidents which have resulted in at least two deaths, and brought a touch of real winter. The wind was accompanied by a drop in temperature from 78 at 2 p. m. to 37 degrees at 10 o'clock.

Reports from Plainfield, N. J., declare a hurricane cut a half mile path through the western part of that town.

Brooklyn was struck hardest by the wind, and it was there the greater part of the damage was done. The walls of a synagogue under construction in Flatbush were blown to the ground.

Reports from Somerville, N. J., told of the wrecking of a building sixty feet high. The structure was almost razed to the ground and bricks were blown considerable distances.

A number of minor accidents from flying objects were reported in New York and several persons were struck by automobiles unseen in the flying dust and rain.

**15 Whites Indicted for Attempt to Lynch Negro**

Houston, Va., March 28.—Fifteen white men were indicted by a grand jury in the Halifax Circuit court today in connection with the attempted lynching March 20 of Joseph Coleman, a Negro, held in the county jail as a murder suspect.

**CHILD KILLED AT PLAY.**  
Mount Vernon, Ill., March 28.—Henry, 4 year old son of Mrs. Warren Jones, was playing with some other children, jumping off a porch, when he backed into a kettling of boiling water and was scalded to death.

## WANDERING APE SPREADS TERROR; IT'S ONLY A PET

Detroit, Mich., March 28.—A big ape, shot while attempting to break through a window in the bedroom of Fred Grossman and which later terrorized east side residents, was claimed today at the police station by J. K. Seaman, who said the animal was an escaped pet which he purchased three days ago.

Mrs. Grossman was awakened by a scratching on the porch roof and a rattle of the blind. She awakened her husband, who grabbed a gun and fired at a face which leered at him through the window. There was a wild scream. Grossman ran to a telephone and called the police. A detail followed a trail of blood to the end of the porch, where it disappeared. No sign of the intruder was found on the ground.

But wounded in the body and more frightened than the two whom he had disturbed, the ape dashed suddenly into a nearby basement. It banged on the door of a basement flat and was admitted. The ensuing commotion resulted in police picking up the trail. After a long chase around the room police and residents captured the beast.

## CHARGES BRICK MEN ARE BIG COG IN BUILDER RING

Engineer Claims Profit Is 60% Too High.

Charges picturing the Chicago Common Brick Manufacturers' association as one of the principal offenders in Chicago's alleged building combine were presented to the joint legislative investigating committee yesterday by C. Kirkpatrick, a consulting engineer, with offices in the Chamber of Commerce building. The charges are contained in a letter addressed to Senator John M. Dailey, chairman of the committee.

Mr. Kirkpatrick alleges: The association influenced the drafting of Chicago's building code to the extent of stifling competition by manufacturers of other freeproofing materials.

This same influence has prevented the city building commissioners from altering the code.

The association prevented the erection of independent brick manufacturing plants in the Chicago territory.

The manufacturers are now charging 60 per cent more for their products than is necessary, to obtain a fair profit.

### How Association was Formed.

Mr. Kirkpatrick quotes labor and material costs to back his contentions. He states he was sent to Chicago in 1916 by R. C. Penfield of New York to perfect, install and place in operation a machine for the manufacture of common brick known as the "Penfield setting machine." Although this patented device did not make for "greater economy in production," as claimed, and is not being used now because of the concerns, he says, the companies have paid and are still paying the American Equipment company, one of Penfield's companies, a royalty of 10 cents on every 1,000 bricks made.

He claims the real reason for introducing the machine was the drawing up of a "contract license agreement" which formed the basis for the organization of the association. This contract, he says, "was a work of art and was formed by the best legal talent in the United States." He charges funds were raised by assessment to prevent outside interests from erecting plants and that several such plants were started solely for the purpose of selling out to the association.

Steps were taken by the association in 1918 or 1919, he alleges, to have the building code changed so as to prevent competition, by preventing "the use of hollow building tile in many places where it would be far more economical and superior to brick."

### "Have Killed Own Market."

"The Chicago common brick manufacturers claim they are not making money at \$16 per 1,000 for brick delivered, giving as a cause, high priced labor, fuel, etc. The facts are that if they continued to run their business as they have, they would make no money if they sold at \$100 per 1,000, as they have blocked progress by high priced building material and have no market. The overhead eats up any profit that could be made at any price. But at the present price of labor and fuel they could make good profits at \$10 per 1,000 if they brought about a condition which would permit them to run their plants to capacity. The average plant of the Illinois

## THE LAST ICICLE (MAYBE!)

Our city's reputation as the world's greatest winter resort might be damaged by this picture, taken yesterday. But our weather man says that snappy weather of Sunday and Monday was the last gasp of our ultra-mild winter. Hence the above is probably a picture of Chicago's last icicle of the 1920-21 winter. (But cross your fingers when you say it.) (TRIBUNE Photo.)

Brick company, the National Brick company, the Chicago Brick company and the Calumet Brick company has a daily capacity of 300,000 bricks per day with a plant investment of approximately \$400,000. If the plants were run to capacity and the present price of labor and fuel maintained, Chicago common brick could be manufactured and placed f. o. b. cars at the following cost:

Labor per 1,000	\$2.00
Power and drying fuel	\$3.13
Fuel for burning (oil)	.50
General repairs	.16 2-3
General supplies	.08 1-3
Depreciation	.11 2-3
Patent royalties	.30
Total	\$4.30

### Not Worried by Threats.

Undeterred by anonymous threats and other forms of pressure brought upon them to "go slow" in rooting out the guilty men behind the building conspiracy, members of the joint legislative investigating committee left for Springfield last night. They will resume the inquiry here Friday morning.

"We expected to receive threats," said Senator John M. Dailey, chairman of the committee. "Every investigating committee of this character receives them. But they cannot frighten us. We are going to get at the bottom of this thing and root out this entire vicious 'system'."

A subcommittee of the National Federation of Construction Industries was appointed yesterday by the executive committee to meet with Secretary of Commerce Hoover to discuss plans for bringing about a revival of the building industry.

### The Old Still Explodes; 14 Barrels of 'Moon' Gone

It smelled like the fumes from a distillery, and the blue flames puzzled firemen at the home of John Dziekowsky in Hammond, Ind., last night. But prohibition enforcement officers are not puzzled. They declared fourteen barrels of moonshine and a still were destroyed in the fire, which was traced to the explosion of a still container. Dziekowsky was arrested and his bonds fixed at \$2,500.

## RAIL TOILERS ON SHORT LINES LOSE WAGE PLEA

### Board Refuses to Grant Raise.

In dismissing the petition of 4,000 employees on sixty-seven "short line" railways throughout the country for the same wages paid on trunk lines, the railroad labor board yesterday rendered the first of several rulings on wage disputes now before it.

Most of the railroads involved in the decision are remote from large cities, and serve communities in virtually every state. The board held that because of the varying kinds of work performed by the employees involved it was "impracticable" to decide what are reasonable wages.

"For the reasons stated," read the decision, "without prejudice to the right of representatives of employees

of said carriers to meet representatives of the carriers or any of them in conference as to wages and working conditions, and without prejudice to the right of the parties to such conference to refer any dispute undecided therein to this board for decision, these disputes are dismissed.

This decision shall not be considered as affecting any wage increase now in effect, nor any agreement regarding wages between any of the carriers and their employees."

The wage dispute between the New York Central and its unskilled workers involving proposed reductions is scheduled for hearing before the board tomorrow.

Representatives of unskilled labor over the entire Illinois Central system went into conference with company officials yesterday to discuss a proposed wage reduction. C. M. Kille, vice president of the road, said no definite proposal had been made to the men.

The labor board, it was announced last night, will render a decision today on the petition of the National Traffic league to be made a party to the pending railroad hearing.

### WARMER TODAY

Warmer today. This was the word of the weather man last night following the cold wave which came whizzing from Alaska down over the middle western, southern, and central western states Sunday night and yesterday.

Around Chicago the temperature fell to 20 degrees yesterday morning, but clear weather and warm sun later in the day saved vegetation. In Duluth sub-zero weather was reported.

Prospects for a record fruit crop in the middle west have received a severe setback, according to reports. Grains and budding fruit trees in southern Illinois, Missouri, Indiana, Nebraska, Kansas, Iowa, and the panhandle region were badly damaged by the cold wave, it was said. Potatoes and early garden stuff were nipped in Oklahoma and wheat six inches high in Indiana was damaged.

Crops in the Ozark mountain region are said to have escaped, but in southern Arkansas and Louisiana heavy winds and squalls wrought considerable damage.

## THE THOMPSON TAMMANY.

In a slack period of political publicity Mayor Thompson seeks to supplement his \$10,000,000 suit, brought in the name of the city against Tammany, by a demand for retraction of alleged false statements. The purpose of the demand is of the suit is obvious. It seeks to silence criticism.

The Thompson-Lundin political machine completely controls the city government. It has virtually the same position in the state administration. It rules the sanitary district. It handles the election machinery. It is dominant in much of the county government. It is now preparing to extend its control completely over the bench by electing its own judges. When that is accomplished and a few tag-end jobs sewed up, the Thompson-Lundin organization will be an absolute and all powerful dictator. It is truly a great conception.

It can dictate the licensing, the taxation and the control of all business, from the corner peanut peddler to the great contracting, manufacturing and merchandising concerns and the public service corporations. Hardly a dollar can be made or spent, hardly an enterprise can be fostered, hardly a phase of personal liberty can be maintained without the protection of this organization if it so wills. It is already preparing near to complete control, but there is one fly in the ointment. That fly is publicity.

The press reveals the machinations of the organization. The public is advised and can protect itself if it wills. But if the organization can terrorize the press it will remove the only important factor remaining between machine politics and complete exploitation of the people when the machine's designs are accomplished. It is this intimidation of the last popular defense against an unrestricted and uncriticized dictatorship which Mayor Thompson is now attempting.

Boss Tweed worked to the same purpose in New York, and, having completed the temple of his power, was overwhelmed and destroyed with it.

## ROOSEVELT—A STATE.

The directors of the chamber of commerce of Mitchell, S. D., want the name of the state changed from South Dakota to Roosevelt. They have begun work to get what they want and they have a good idea. Dakota is a better name than North Dakota, and North Dakota could have it if South Dakota became Roosevelt.

Roosevelt's early life was associated with the Dakotas, and the state would make the association a permanent record if it were to change its name. There is a lack of full identity in these geographical distinctions in state names.

North Carolina and South Carolina might even get together on a proposal to give Carolina to one and take a new name for the other. North Carolina probably would want to be known as Josephus or Daniels, and South Carolina as Woodrow or Wilson.

We do not know just what to do with West Virginia. It probably will be able to take care of itself when the time comes.

THEY ARE NOT  
FORGETTING.

The French plan to erect memorials throughout France with the warning "Let Us Forget." Germany already has erected monuments in France which to the French eyes bear the legend "Let Us Forget." They are the devastated regions of France.

The French have erected invisible monuments in Germany on which the Germans can read "Let Us Forget." They are in Lorraine, in the Saar, along the Rhine valley, in the Ruhr basin, in Silesia.

Throughout all the irredeemable, the devastated regions, the occupied territories, the starving and suffering territories, these memorials are visible to the rebellious, the depressed, and the envenomed eyes of millions of Europeans.

They will not forget. That is just what the world fears.

## GOOD FOR MICHIGAN U.

The action of the University of Michigan in making physical training compulsory for all students ought to be generally adopted in colleges and schools. The 1917 mobilization of our more or less "armed citizenry" demonstrated, as Regent Munn recalls, that American youth is not physically what it ought to be.

That was an unpleasant surprise, for we had taken it for granted that American life was athletic and free from the defects of an effete society. Now that we know it is not free and have had it proved on a comprehensive scale, it is up to us to correct it and that correction should come in the schools.

Every child in the schools should have physical supervision and regular exercise for the correction of weaknesses and the building up of the constitution. Exercise should be carried on through youth, and, for that matter, through life, but during the educational and formative years it is especially important and fortunately can be predicted.

The result of this will be a great advance in the vigor of the nation, an enormous increase in the total volume of American energy and, we believe, a toning up of morale.

One of the benefits which would flow from the universal military training which congress was not wise enough to adopt was the strengthening of the American physique—as well as the Amer-

ican morale. The University of Illinois has military training and all schools should have it. But a system of prescribed courses in general physical exercise should be adopted throughout the country.

A JOB FOR THE BUILDING  
TRADES.

Announcement of plans and policy of the Dailey joint legislative committee which has begun an investigation of alleged anti-building conspiracies in Chicago contains one point which may well be especially emphasized. The committee appeals for help, information, or evidence, from every possible source.

Here is an opportunity for the Chicago Building Trades council to do something of great value for its members and for the city. The building trades men are perhaps the greatest sufferers from the slump in construction which began with their strike for \$1 an hour and has continued through the period of the wage scale of \$1.25 an hour. The building trades men suffer from the housing shortage just as do citizens in other lines of work, and in addition their incomes are reduced to a minimum eked out by miscellaneous makeshifts. If they are deprived of work by conspiracies between their organizations and the building material dealers, or by the graft or incompetency of any of their leaders, they should be the first to help correct such evils.

The Lockwood committee in New York, similar to the Dailey committee here, exposed and brought to justice the most formidable autocrat and enemy to organized labor revealed in years. This enemy was Robert Brindell, head of the New York Building Trades council. By bribery, coercion, and blackmail he reaped a fortune at the cost of the trades men who composed the unions under his direction. He held up building, raised prices, and sacrificed the income of thousands of workers. There is no honest building trades man in New York city who has not benefited by and who cannot rejoice at Brindell's sentence to prison.

There is no charge of such a dictatorship in Chicago, but there are charges of improper combinations and other arrangements which have restricted and still restrict building. Every sane member of the Chicago Building Trades council will do his individual best to help expose and correct such conditions. By such removal of artificial barriers to construction they will bring about a building revival which may well double or treble their incomes for 1921 over that of 1920 or 1919.

If they refuse to help the investigation they leave themselves in their present state of only intermittent employment.

## JAPANESE EXPANSION.

Japan has decided to station troops at half a dozen or more towns and strategic points on the Siberian mainland west of Sakhalin island. The United States has an interest in the expansion policies of Japan. It seems within reason, therefore, to look into this.

With a territory about the size of California, Japan must maintain a population approximately two-thirds that of the entire United States. It is increasing at the rate of 700,000 a year. Expansion is essential. Bishop Yoshiyasu Hira-twa of the Japanese Methodist church recently asserted that the Japanese prefer to emigrate to the western hemisphere. The section of the western hemisphere known as the United States prefers they emigrate elsewhere. Where more logically and with less danger to the rest of the world than to Siberia?

Development of the vast areas there will provide labor and sustenance for millions for many years to come. The more they labor the less they will have time for war. If they must fight to justify their martial establishment the grudge with the Russian soviet government which they are founding with the present invasion will always offer a cause. With the Chinese hatred of the Japs also growing through the years as Shantung remains a point of irritation there is another source of war. Between such conditions and the tremendous task of developing the territory upon which they are now setting foot, it appears Japan may be sufficiently busy without encroaching upon America.

Any walls which may develop with the jeopardizing of Washington B. Vanderbilt's reported Kamchatkan concession from the soviet government can hardly compete with the cheers of Americans who are glad to see Japan's attention engaged outside of America in a manner which gives promise of becoming permanent.

## Editorial of the Day

## INDUSTRIAL PEACE NEEDED.

[The Illinois State Register.]

The acceptance by the packers and their employers of the proposition of Secretary Davis of the department of labor to submit their differences to arbitration is a hopeful augury of a peaceful settlement without a strike.

While the situation in the railroad controversy is not so hopeful because of the refusal of the union to accept any reduction in wages unless ordered by the United States railway labor board, there is still time for some agreement to be reached which will obviate a tie-up in transportation.

This is no time for strikes and industrial paralysis and no time for insistence by either party to any industrial controversy upon extreme concessions by either side. Readjustments in rates and wages are inevitable and they should be made on an equitable basis that will distribute the burdens and the rewards in the interest of both parties. Employers must make sacrifices commensurate with those which they impose upon labor.

The great employers of labor owe to their men a just consideration of their reasonable demands and both they and their employers owe service to the general public of which they are a part. This obligation to the public is the most important thing that they have to consider, because upon it depends not only the permanency of any arrangement they may make, but the very possibility of being able to carry it out.

In the revision of prices and wages that must come as a result of the reaction from war conditions there can be no standard set which will not be subject to change. It will take time and patience to overcome all the difficulties that now exist and any hasty or inconsiderate action will only delay the readjustment of the industrial affairs of the country and cause additional suffering and discontent.

If it was necessary for all classes and individuals to forget self and work together for the common interest during the war, it is no less necessary now to do likewise, unless we wish to lose all that we have won through that war. Industrial peace and honest activity are of the utmost importance to this country at all times and especially necessary right now.

## IN A QUAYDARY.

"I'm in a pickle. I really need a job."  
"Well?"  
"But I was mentioned for the cabinet and now I feel I can't take anything less."—Louisville Courier-Journal.

## A LINE O' TYPE OR TWO

How to the Line, let the  
quips fall where they may.

AVE!  
If there be spirits that do speak  
To men, I hail them here!  
No pointless answer I do seek.  
But one that, like a spear,  
Comes gleaming from some classic Greek,  
And makes his meaning clear.

Where wanders now Maenides?  
And hath he now his sight?  
Doth he still sing, as by the seas  
He sang, for man's delight?  
Where dwells the soul of Sophocles?  
And where is Sappho bright?

And you, ye younger spirits, friends  
Of Shelley, Burns, and Keats,  
Has after-life made full amends  
For all they lost of earth?  
Unknot for me these tangled ends,  
Or keep your cold retreats.

LAURA BLACKBURN.

## Wauconda.

Sir: Wauconda is a quiet village on a beautiful lake. The minister runs the picture show. The barber doubles in dentistry, or vice versa (take heed which chair you occupy). The railroad conductor is the auto-liveryman. Thirty miles from Chicago, and the morning papers arrive at 7 o'clock in the evening.

In Wauconda, nevertheless, one has, has not one, the bee's hum, the crows of the cock, the note of lark and linnet, odors of plowed field and flowery mead, and the music of the "Boat Wauconda Club" has put a metropolitan, big city sign on the outskirts, reading: "Have You Purchased Your Necessary Ice Cream Cones While in Wauconda?"

## TO LILLIAN.

Stars that glow in desert skies  
Lurk, half hidden, in your eyes.  
Wine as red as prince or eyes  
Pulses, tempting, through your lips.

Rosebuds like the May Queen seek  
Blossom in your full-blown cheeks.  
Springtime breezes, free from care,  
Spin and waft your flowing hair.

Laughter sets your face aglow;  
Lead me, love, and I will go.

WAYNE GARD.

## Too Poetry.

Sir: In Phoenix, Arizona, they used this to attract 'em to an exhibition of the dance. It is from the Pittsburgh Post-Courier. "Lada last night at Carnegie hall was choreographic art in its apotheosis. With a torso of untold charm, arms that were music and legs that were poetry, she of all the dancers stimulated us the most; she was creative and picturesque. She was exotic and asexual, she was simply Lada—and that means freedom from the gymnastic and the acrobatic. Had she been a fairy from Andersen's Tales—"

G. B. M.

## THE PERILS OF THE POLYSYLLABLE.

[Sheboygan Press.]  
Notice—Susan Chickowski and Wilma Kurtz wish to apologize through The Press to the slander and insult they committed against Miss Goldie Russell. They were ignorant of what the word hemorrhage was. Signed by Wilma Kurtz, and Susan Chickowski.

## Miss Bainter's Legs.

Sir: What did P. H. mean when he said that Miss Fay Bainter's "legs are like a couple Cupid's bows"? Didn't he intend to say "lips"?

We are as little familiar with the lady's legs as we are with her lips; and P. H. is in New York. Ask Miss Bainter; she may know.

## Spring Cleaning.

The Spring has scrubbed the wintry sky  
With soft gray rain in gray old pails.  
That rattle as she whisks them by.

The Spring has swept her clean wet sky  
With swift wind brooms, all stiff and strong,  
That sing and whistle as they fly.

The Spring has dusted her nice sky  
With soft cloud cloths as white as snow.  
And left it fresh, and blue, and glow.

K. B.

## ACCEPTED AND ACCEPTABLE ENGLISH.

[From Tellyth Goodforn's "New English Rhetoric," 1917.]

"It's him." "It's her." "It's meant for he and I." Such usage we decry.  
Pronominal case forms are interchanged.  
Like patterns on wall paper are arranged.

"Let's you and I lay down." "And so they lied like hens or troopers"—which, you must decide, for shady pastas have them vices "and" "lay." Nor do we bother with those kind today.

"Then everybody grabbed their hats." Correct! For if you say "his hat," you do effect a line of talk long since quite obsolete, Unrecognized by no one on the street.

"We will meet Thursday." "I would like to know." "There is no doubt but that it must be so." "He who will gain the prize I shall adorn." These now grammarians no longer scorn;

Nor "whom, he says, will be our president, Providing there will be no accident?" Nor "With regards to that I don't tell sure." These you can say and not be classed a boor.

Put "only" where you please; it matters not. "I only saw him once." "I only got." Will current pass. What earthly difference, if only those who listen get your sense?

In fine, and this I want to learn you well, To foot with verbal niceties is hell. On getting on, or getting rich, or such, Talk natural; don't stop to think to much.

Just get the idioms from hearing others, Your fathers, uncles, sisters, aunts, and brothers. Don't hitch your language wagon to no star. For aeroplanes will take you plenty far.

L. B. BROT.  
This Tellyth Goodforn's Grammar, I'm afraid, is going to time to send our schools to Hades; But we who read this Col. a happy crew, Shall all be there by then, and Tobit too.

P. SCRIBBLES WROTE.

## A Heartfelt Wish.

I wish I could be Father, and Father could be me, Because I'd like to show him how fathers ought to be.

I'd bring him toys and candy 'bout every other day, And never be too busy to join him in his play.

I'd answer all his questions so he could understand; Not hide behind a paper and wave a "Go-way" hand!

And never say, "It's bedtime," while yet the day was light.

I wouldn't change my Father for any other man, I know he loves me dearly, and does the best he can. And yet I can't help thinking how great would be my joy

If he'd remember sometimes to be once more a boy.

IRIS.

THE end of the column! How better can it be finished today than with a whimsy from A. Gadder, one among "The Line o' Type or Two's" best friends, one of the great clan who laugh with it, and in it, and at it? Thus:

Sir: Sign opposite the Hotel Desbrier, Columbus, reads: "One Stop Across the Street Will Save You 100% on Your Pressing Bills." Have you any pressing bills on which you would like to save 100%? ANON.

How to Keep Well.  
By Dr. W. A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, if matters of general interest, will be answered in this column. Where space will not permit, or the subject is not suitable, letters will be personally answered subject to proper limitations, and where a stamped, addressed envelope is enclosed, Dr. Evans will not make diagnosis or prescribe for individual disease. Requests for such service cannot be answered.

(Copyright, 1921: By Dr. W. A. Evans.)

## BEWARE SCAPHOID SCAPULA

THE pain readers tell me that one question patrons want to know about is the length of the life line. "How long will I live?" is a question that the phenologist is called on to answer. Life is a great adventure and death is ranked as "the great adventure."

Some men glory in adventure while others cling to the beaten path. But all, bold and timid, some open, some covert, are anxious to pull back the curtain a little and steal a look into the future. Witness the wave of spiritualism that is sweeping over the land just now. In the course of days, and then when the weather is damp and bad I have a phlegmy cough and noises in my chest. I have no pain, have a good appetite, and sleep well. I never have fever, neither do I ever start in drinking two glasses of vitalis simply because I enjoy it. Will I get as much benefit from it as I have derived from the milk and is it a blood builder? Thank you.

and he observes that the scaphoids have a greater average tendency to succumb to the vicissitudes of life. Even the most sheltered life is full of adventure. The venturesome have more hazards. Dr. Graves' point is that the scaphoid scapula shows inferior physical constitution and that those who have it succumb to the hazards of life on an average at a considerably greater rate than do the members of other groups.

## YOU HAVEN'T GOT T. B.

J. A. M. writes: "I am 20 years of age and have been troubled with a cough for about two years. Sometimes I do not cough for days, and then when the weather is damp and bad I have a phlegmy cough and noises in my chest. I have no pain, have a good appetite, and sleep well. I never have fever, neither do I ever start in drinking two glasses of vitalis simply because I enjoy it. Will I get as much benefit from it as I have derived from the milk and is it a blood builder? Thank you."

## REPLY.

HERE'S A NEW ONE.  
X. Y. Z. writes: "I am a constant reader of your column and have profited a great deal by your advice. Last summer I started in drinking a quart of sweet milk each day and today I weigh twenty-five pounds more than I did a year ago, and, to say the least, I feel much better in every way. Of late I have been drinking two glasses of vitalis simply because I enjoy it. Will I get as much benefit from it as I have derived from the milk and is it a blood builder? Thank you."

## REPLY.

If vitalis is some sort of a high falutin' milk keep it up at least until you bust off a few buttons.

## HEARTBURN AND PREGNANCY.

Trained Nurse writes: "A patient who suffered much from heartburn during her first pregnancy was advised by her physician to chew gum, preferably, if obtainable, the unadulterated spruce. The relief was great. The gum chewing took place usually after meals or as needed otherwise. Sometimes ejection of saliva for ten minutes while chewing was helpful. This patient followed this practice during half a dozen pregnancies with much success."

## ADVENTURES IN HYPOCHONDRIA.

C. E. T. writes: "Do chiropractic treatments cure nervousness? I am extremely nervous, but at the present am at a health resort. The chiropractic treatments have been recommended."

## REPLY.

Nervousness is not an organic disease. It is a state of mind. Unfortunately the term is a sort of basket into which any and everything is liable to be thrown. Therefore recommending a treatment for nervousness is like betting on a horse race—a game of chance.

## FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of the writers.

## TEMPORARY DUMP.

Chicago, March 24.—[Friend of the People.]—I want to protest against the habit of a certain street cleaner in our ward who uses our alley as a dumping ground for the street sweepings. I would like to have this practice stopped, if possible.

The street dirt complained of was dumped in the alley temporarily. It has been removed. The name sounds ridiculous, but it is true. Superintendent of Streets.

## PARKING LAWS VIOLATED.

Chicago, March 24.—[Friend of the Legal Friend of the People.]—Is there any law against automobiles parking in front of residences at night time without having either the head or tail lights lit?

2. Why are so many cars allowed to park in front of buildings and residences at night without having these lights lit and especially on Michigan boulevard coming south from Twelfth street to Garfield boulevard?

1. Yes, 2. We do not know. Suggest that you report it to the police.

## NOT TO BE WILLED.

Chicago, March 26.—[Friend of the Soldier.]—A Gold Star mother wishes government insurance to be paid to her husband in case of her death, and in case of husband's death to their three children. Is an ordinary will drawn by an attorney sufficient or does the government require more?

When the designated beneficiary dies the remaining payments are made to the person or persons who are the next of kin of the insured. In the case you mention if the mother who is the designated beneficiary should die the payments would be divided between the father and brothers and sisters of the soldier.

## IMPOSES ON FRIENDS.

Chicago, March 23.—[To the Legal Friend of the People.]—A man is in the habit of borrowing money from his wife's friends without the wife's knowledge of it. Can they hold the wife responsible for the debts? Could they take any of the furniture?

2. The wife is not liable unless the loans were for family expenses. Their right to proceed against the furniture depends on who owns it.

## IT'S DONE EVERY DAY.

Chicago, March 23.—[To the Legal Friend of the People.]—Is there any law which would prohibit me from inserting an advertisement in a newspaper mentioning a proposition to automobile owners which is absolutely honest in every respect?

We know of none. Obviously our advice can be of little value since you do not state the facts.

## LOCAL ADDRESS.

Elkhart, Ind., March 27.—[Friend of the Soldier.]—Can you give me the address of the nearest shipping board office in charge of recruiting for the U. S. merchant marine?

116 North Dearborn street, Chicago, Ill.

## MEMORY TESTS

Can You Answer These?

## GEOGRAPHY.

1. What is the equator?
2. What determines the location of the equator?
3. What is meant by parallels?
4. What are meridians?
5. What is meant by the "prime meridian"?
6. How may the exact location of a place on the earth's surface be described?
7. What determines the length of a year?
8. What are zones?
9. How are the zones named?
10. What is an archipelago?

## LITERATURE—ANSWERS.

1. Of whom was Charlotte Brontë the daughter, and what is one of her best known books? She was the daughter of a poor clergyman; "Jane Eyre" is one of her best known books.

## THE EXQUISITE.

[From London Punch (Copyright).]

Little Man (explaining his appearance): "You see, I bought the stuff and had it made up."  
Friend: "Splendid! And have you any left over?"  
Little Man: "Just enough to make an umbrella."

## VOICE OF THE PEOPLE

As but limited space can be given letters to this department, writers must confine themselves to 200 or 300 words. Unless they give their full names and addresses their letters will not be considered. No manuscripts will be returned unless the writer sends postage for that purpose.

## A NOTE TO GERMANY ON THE BERGDOHL CASE.

Hammond, Ind., March 23.—[Editor of The Tribune.]—There is only one way of satisfactorily handling the Bergdahl case, and that is by dispatching a note to the Berlin government whose contents should be something like this:

"Through error, two soldiers belonging to the American Army of Occupation were arrested by German officers and brought to trial in a German court. Being adjudged guilty, sentence was imposed upon them by a German judge."

"This trial must be declared null and void for the reason that these men are under the jurisdiction of no court save the courts martial of the American army. The courts that tried them were therefore without jurisdiction in the case, and had no power to adjudge them either innocent or guilty."

Even had this court been in jurisdiction over this case, the charge brought was that of 'illegal assumption of authority.' (The authority of any soldier of the American army to arrest a deserter from that army, wherever found, is not open to question, and least of all is it open to question by the enemy of America, and especially is this true when the deserter was found in the country of the enemy.)

"We therefore demand that these men be surrendered without delay to officers of the American army, and that due apology be made by the German government for the indignity it has offered to the American army. If this demand is not promptly complied with, it will be our duty to take steps to enforce compliance."

WM. M. TAYLOR,  
(Former Sergeant.)

## WHIPPING POST TO PROTECT WOMEN.

Chicago, March 24.—[Editor of The Tribune.]—I am told that in Delaware criminals dread the whipping post more than jails and fines, and I do think that it would be a mighty good thing to have it in the state of Illinois. Let us have the whipping post for those who terrorize and rob and mistreat women and children.

IRWIN C. SODERBERG.

## SETTLING ONE POINT ON FREIGHT RATES.

Chicago, March 24.—[Editor of The Tribune.]—Referring to the item in the "Voice of the People" column on March 21, 1921, headed, "We'll Bite Who Gets

the Communit revolt in central Germany, which was subdued over the week end by the security police, has blazed up again. The most inflamed region is that of Halle, in Prussian Saxony, where 20,000 armed Reds hold a great factory, whence they are pillaging and foraging north and west.

There was fighting yesterday at Sangerhausen and Mansfeld, near Halle, in which, according to last reports, the "green" troops had the better of the Reds. Reichswehr troops are being rushed from West Germany. American military police were called upon yesterday to quell a Red riot in Montabaur, near Coblenz.

Arrows on the map show the trouble zones and the shaded areas indicate the approximate area of revolt. There is a railway station in the district and trains are being stopped and rifled.

## REPEAL OF WAR LAW MAY OPEN GATES TO ALIENS

Passport Tangle Now Up to Daugherty.

(BY A STAFF CORRESPONDENT.)

Washington, D. C., March 28.—[Special.]—Americans leaving or entering the United States and outgoing aliens are no longer required to have passports, under the act approved on March 3, repealing the war laws, though whether congress in that act intentionally or otherwise repealed the law requiring passports of incoming aliens is now before the attorney general for determination.

Passports still are necessary for Americans, however, in most European countries. As originally passed by the house, the war act repeal resolution specifically exempted the act of May 2, 1918, and the president's proclamation placing the passport control regulations under the authority of the secretary of state.

Immigrants Hear of Change.

In the law as approved on March 3, however, the act of May 2, 1918, was not specifically included among the resolution and counsel for three immigrants rescued from deportation by writs of habeas corpus have appealed their cases to the attorney general on the ground that there is no law requiring them to have passports.

The appropriation bill which was approved March 2 continued in force for incoming aliens the passport provisions of the 1918 law "until otherwise provided by law." Counsel for the immigrants holds that the repeal act approved March 3 "otherwise provided" by wiping out the entire law.

If the attorney general decides that the repeal act blows out passport control, as applied to arriving immigrants,

## DRAWS YEAR IN CELL FOR THE "KIDNAPING" OF 15 YEAR OLD GIRL

H. Ora Miller, reputed son of a Methodist minister, and an alleged deserter from the army, who was arrested Sunday night in connection with the disappearance of Miss Minnie Ralstin, 15 years old, was found guilty of contributing to the delinquency of a child yesterday.

He was fined \$100 and costs and sentenced to one year in the house of correction by Judge Sullivan in the Desplines street court.

Miss Ralstin, the daughter of "Ma" J. H. Ralstin, head of the Good Samaritan mission, 750 West Adams street, disappeared from the Illinois Central station Sunday evening while she was waiting with her mother and sister for a train to take them back to their old home in Sparta, Tenn.

Later she was located by an attaché of the mission, and when she told how Miller had promised to marry her when he got a divorce from his wife he was arrested. Both denied anything improper. In court Miller admitted he was a deserter from the 32d infantry, stationed at Camp Grant. Miller was visited in his cell by Ross Schwartz, 140 North Ashland boulevard, who identified him as a man he had befriended several weeks ago, and who had run off with his clothing.

"He said that his father was a Methodist minister in Ridge Farm or Farmer City, Ill.," said Schwartz.

passports cannot be required of incoming aliens until congress passes a new law to meet the situation.

But a sufficient number of would-be immigrants with properly approved passports are awaiting transportation to fill arriving steamers for some time to come.

## HEFLIN TRIES TO FREE AMERICANS HELD BY SOVIETS

Washington, D. C., March 28.—Efforts to release fifty Americans held in soviet Russia are being made by the state department through unidentified agencies, according to information given today to Senator Hefflin of Alabama, who has made inquiries in behalf of Emmett Kilpatrick, said to have been sentenced to twenty years' imprisonment at Moscow.

About six or eight of the Americans held by the bolsheviks are imprisoned. Senator Hefflin said that the state department, while making every possible effort to effect release of the Americans, was not in a position to disclose the agencies which are being used.

## ORDERED TO DIE AS SLAYER OF 5

Florence, S. C., March 28.—Edmund Bigham of Pamplico was convicted of murder by a jury here today for killing his mother, brother, sister, and the latter's two adopted children two months ago. He was sentenced to die in the electric chair at Columbia on April 8. A motion for a new trial was overruled, but counsel for the defense announced they would appeal.

"I am innocent," Bigham said. "I know nothing of how that crime was committed. That is the truth, so help me God. If I am guilty, I hope I may be petrified in front of this court-house. I am as innocent as a new born babe."

When Mrs. May Bigham, his wife, was told of the verdict she collapsed.

## Making Customers

Concerns of size and age value most the creation of permanent customers.

The motto of the old-time circus was "Get their money and get them off the lot."

The difference in the point of view is a matter of "repeat orders."

We know a manufacturer of shoe-blackening whose first appropriation was \$7,000 for a year's advertising. Within five years his annual expenditure of earned money had increased to \$367,000.

To insure the success and permanent growth of its customers, if for nothing else than self-interest, great newspaper and magazine publishers recommend the services of competent advertising agencies.

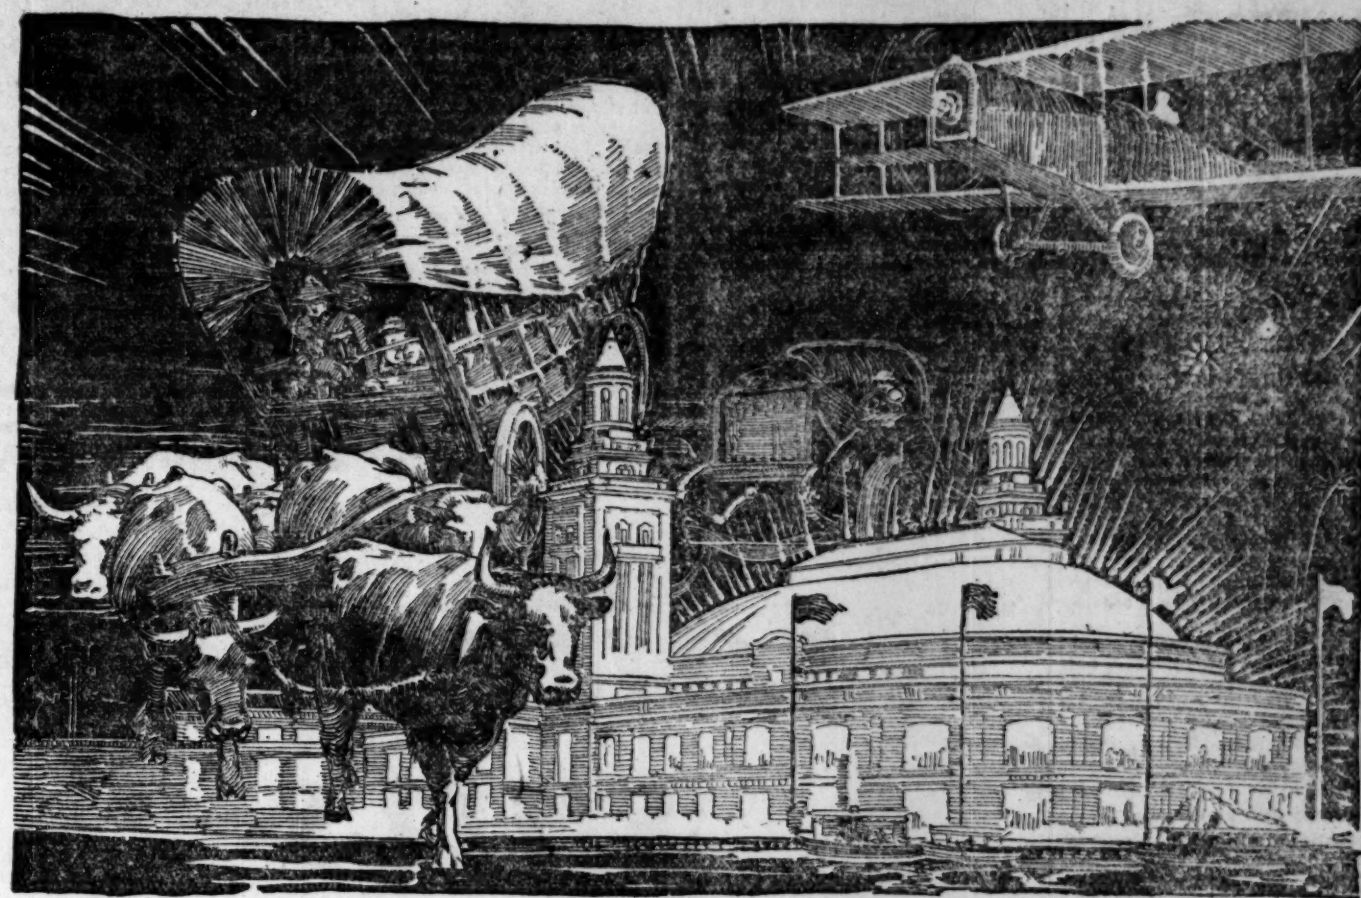

Our experience is at the command of those firms whose business promises permanent success.

Advertising space in the Butterick publications is for sale through accredited advertising agencies.

The Designer (\$2.00 a Year)

## Chicago's Coming Pageant of Progress

Visualizing the riches and possibilities of the territory of which Chicago is the center, as nothing has done since the days of the World's Fair, a Pageant of Progress is to be held in Chicago from July 30 to August 14, the Chicago Boosters' Publicity Club, the Chicago Association of Commerce, the Health and Sanitation Exposition, and the Illinois Manufacturers' Association cooperating.

From ox cart to aeroplane, from wigwag to sky-scraper, this exposition is to portray the development in the arts, industries, and transportation. It will bring hundreds of thousands of people to Chicago from all parts of the United States.

This Pageant of Progress, "three-fourths educational and one-fourth confetti," is to be held on Chicago's new \$5,000,000 Municipal Pier, the greatest exposition building in the world. Twelve thousand square feet of floor space will be available for exhibits.

Chicago, the great central market, can make a more complete exhibit of essential industries than any other city in the world. Her importance as the meat packing center of the United States, the lumber yard of America, maker of steel, leader in the production of furniture, clothing, musical instruments and many other products, will be visualized in the Pageant of Progress.

Health and sanitation will be the themes of demonstration in a section to be known as the Temple of Health, and mental and scientific attainment found in the Hall of Knowledge.

A thousand craft, dazzling with lights, will float in the great ceremony of the "Wedding of the Waters" led by a boat from Quebec and one from New Orleans—a night scene comparable to the carnival of Venice.

Aquatic sports and athletic contests will be witnessed during the sunlit hours by thousands from seats provided on the roof of the great pier and grandstands along the lake front.

The fastest power boats in America will compete in races over a three mile course. Aeroplanes will give demonstrations of both passenger and freight carrying.

## The Dread Pyorrhea Begins With Bleeding Gums

Pyorrhea's infecting germs cause many ills. Medical science has proven this.

Diseased conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anaemia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection.

And watch your gums yourself. Pyorrhea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

## ANTI-DUMPING BILL NEEDED AS TARIFF PRELUDE

A Kind of Anti-Trust Law  
for Foreigners.

### ARTICLE NO. 2.

(BY A STAFF CORRESPONDENT.)  
Washington, D. C., March 28.—[Special.]—As a preliminary to general tariff revision enactment of an anti-dumping bill is planned to prevent the dumping of foreign merchandise upon the American market at less than its fair value in the country of production. Under the program of the congressional leaders the anti-dumping bill will be passed at the beginning of the special session.

The bill to be presented in the house will be similar to the Fordney bill passed by the house last year. In substance it provides for an additional duty equal to the difference between the price at which the foreign goods are offered for shipment to this country and the value in the country of origin.

### Fordney Bill Provision.

The essential section of the Fordney bill follows:

"Whenever merchandise, whether dutiable or free, is exported to the United States of the class or kind provided for in this act, and the sales price is less than the foreign home value, or in the absence of such value is less than the value to countries other than the United States, or in the absence of such value is less than the cost of production, there shall be levied and collected, in addition to the duties on imported merchandise prescribed by law, a special duty in an amount equal to the difference between the sales price and the foreign home value or the value to countries other than the United States, or the cost of production, as the case may be."

Such measures as the Sherman anti-trust law, the Clayton act, and the federal trade commission act have been designed to prevent unfair competition among American industries. The purpose of the anti-dumping bill is similarly to provide the American industries with protection against unfair practices by their foreign competitors.

### Effort Made in 1916.

An attempt to meet this situation was made when congress in 1916 enacted a law declaring it unlawful for any person importing articles to sell them at a price substantially less than the actual market value of such articles at the time of exportation to the United States if the prices were cut with the intention of destroying or injuring industry in this country. This law further provided that if any imported article was brought into the United States under any agreement or understanding that the importers should be restrained in using or dealing in articles of any other person, there should be levied an additional duty equal to double the amount of the ordinary duty imposed by law.

This law also had a provision to the effect that whenever any country should prohibit the importation of any article produced by the United States and not injurious to the health and morals, the president should have power to prohibit importation into the United States of similar articles.

Difficulty of enforcement has rendered the present law practically useless.

less. While the secretary of the treasury has authority to make regulations under the law, none has been made which are adequate, and it is considered doubtful if any can be made to provide a real protection to the American manufacturers.

One defect in the present law is that it does not prohibit sporadic dumping, since its penalties apply only to persons "who commonly and systematically import foreign articles." It is difficult to prove also that the importation is made with intent to injure, destroy, or prevent the establishment of an industry in this country or to monopolize the trade in the imported articles.

The Fordney bill provides that the consular invoice shall contain, in addition to the facts and details now required, the foreign home value, or in the absence of such value the value to countries other than the United States, or the cost of production.

States, or in the absence of such value the cost of production, when such value or cost does not equal the sales price.

### Definitions to Aid Consul.

Definitions are included in the bill of such terms as "sales price," "foreign home value," and "cost of production." The term "sales price" is defined as "the price plus the cost when not included in such price, of the package and the package charges at which the person in the foreign country or his agent sells the merchandise to the person in the United States or his agent." Provided, that the person in the United States has no financial or other interest in the business of the person in the country of exportation shipping or selling the merchandise to the person in the United States.

The appraiser is directed to report and return to the collector of customs a decision as to the foreign home value,

or the value to countries other than the United States, or the cost of production as the case may be and the sales price. The collector shall ascertain and fix the amount of the special duty provided for in the act in addition to the duties provided by existing law. Provisions are made for reappraisal in case of doubt.

### German Chief Offenders.

If an importer refuses to submit for inspection his books or papers pertaining to the value of any imported merchandise the secretary of the treasury may prohibit future importations by such person. A penalty of not exceeding \$5,000 is provided if an importer gives a rebate.

German chemical manufacturers are among those at whom the anti-dumping legislation is aimed. An extensive report on German dumping practices was made by A. Mitchell Palmer when alien property custodian.

## The 4 Horsemen OF THE APOCALYPSE

Directed by REX INGRAM

Adapted by Juné Mathis

Chicago's critics bestow most generous praise:

"A splendid picture . . . Not too much can be said in commendation of every member of the cast . . . Go and see 'The Four Horsemen of the Apocalypse.' It is worth your time and money."—Mae Tinee in TRIBUNE.

"One of the most romantic, thrilling and beautiful pictures the screen has ever shown . . . Every character is vividly portrayed. In admiration for one you forget the other, until in the end you are scarcely able to say whose work was best . . . Let me urge you to see it for your own sake. To miss seeing it is to miss having a worth-while experience."—Genevieve Harris in POST.

"'Four Horsemen' leap to favor across La Salle screen . . . The climax sets one's temples throbbing . . . Certainly the first nighters, of whom there were many, contributed to the opinion that the 'Four Horsemen' is very welcome, indeed."—Rob Reel in AMERICAN.

"A triumph because it does everything well. No hoakum, no clatter . . . You know Ingram revels in his work when he shows the wicked and heroic old Centaur of South America with a girl on his knee, cheering the dance hall fights and amours of his spoiled, handsome and vicious grandson, Valentino."—Observer in HERALD-EXAMINER.

There undoubtedly will be other great pictures. There may even be a greater picture than this one. Suffice it to say, THIS IS THE GREATEST PICTURE YET MADE.

A brilliant musical score, interpreted by an orchestra of specially-chosen soloists, might easily be claimed as "alone being worth double the price of admission."

### Drive Away Headache

Rub Musterole on Forehead  
and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia). 35c and 65c jars; hospital size \$2.00.

**MUSTEROLE**  
WILL NOT BLISTER

### TAKES PAIN OUT OF RHEUMATISM

Keep Sloan's handy for backache, strains and sprains, too

SLOAN'S Liniment has been sold for 39 years. Today, it is more popular than ever. There can be but one answer—Sloan's produces results.

Applied without rubbing, it penetrates to the afflicted part, bringing relief from rheumatic twinges, sciatica; sore, stiff, strained muscles; backaches, sprains, and other external pains, often the result of exposure. It leaves no mark, no stain, no odor on the skin. Get a large bottle for greater economy. Keep it handy for use when needed. Your druggist has it. Three sizes—35c, 70c, \$1.40.

**Sloan's  
Liniment**

## TARIFF DUMPING BASED ON TO BE MOST

Difficult to  
Specific F

(BY A STAFF CORRESPONDENT.)  
Washington, D. C., March 28.—[Special.]—Ad valorem rates are being used in the new tariff revision. The members of the subcommittee of the Senate Finance Committee, who are drafting the actual plan of the new tariff, found it impossible to find a previous plan of rates.

The chief difficulty is in the negotiations in prices, such as an adequate protection for the tariff in many cases is more readily by ad valorem than by specific rates.

Generally a Democratic valorem rates are used in this form of rate being used in the new tariff revision. The members of the subcommittee of the Senate Finance Committee, who are drafting the actual plan of the new tariff, found it impossible to find a previous plan of rates.

May Consolidation  
The Republicans are to adopt ad valorem rates in providing for American imports.

Republican senators proposed for the beginning of the session be incorporated measure, giving the cultural tariff bill a favorable action. It is the anti-dumping bill providing for American exports to be added to the house members, however, to think each bill should have its merits.

### Ex-U. S. Senator Gravely Ill at Wash.

Walla Walla, Wash. (AP)—Levi Ankeny, former senator from Washington, is gravely ill at his home in Walla Walla today, and his condition is reported to be critical.

## TARIFF DUTIES BASED ON VALUE TO BE MOST USED

Difficult to Return to  
Specific Rates.

(BY A STAFF CORRESPONDENT.)  
Washington, D. C., March 28.—(Special.)—Ad valorem rates of duty will be used in the new tariff law to a greater extent than was anticipated. Members of the subcommittee of the House ways and means committee, in the actual drafting of the bill, have found it impossible to carry out their previous plan of returning to specific rates.

This is chiefly due to the fact that negotiations in prices of goods have been so such an extent that adequate protection for domestic industries in many cases can be assured more readily by ad valorem rates than by specific rates.

Generally a Democratic Policy.  
In the present Underwood act ad valorem rates are generally applied, the form of rate being used by Democratic tariff framers usually because it is best fitted to a tariff for revenue only. The tendency on the part of Republicans has been toward specific rates and in the recent hearings Republican members of the ways and means committee repeatedly urged manufacturers to suggest specific rates in all cases possible.

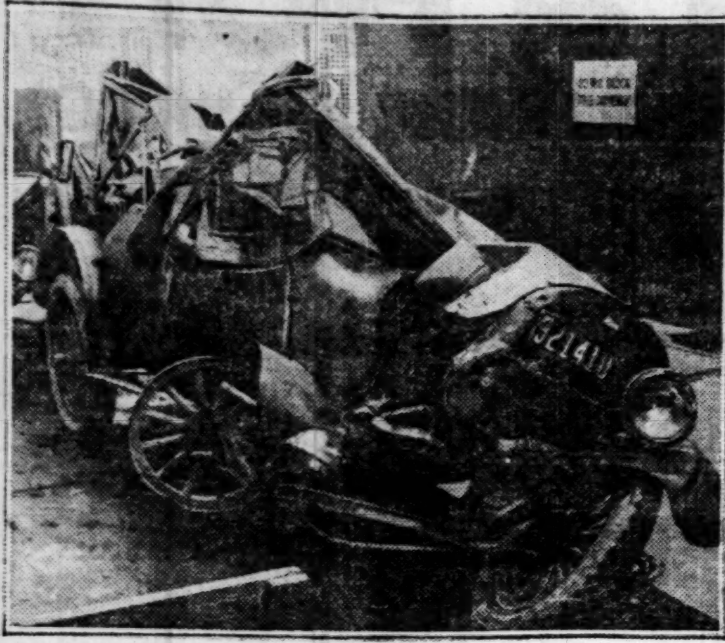

Difficulty in applying specific rates has been encountered especially by the subcommittee dealing with chemicals, cotton goods, woolen goods, and metals. Some of the departmental experts who have been called have been unable to give sufficiently accurate information regarding the values of commodities to make up or to determine specific rates which will insure protection.

May Consolidate Bills.  
The Republicans are more willing to adopt ad valorem rates with legislative provision for American valuation of imports. Republican senators have suggested that the three emergency measures proposed for the beginning of the special session be incorporated in one measure, giving the emergency agricultural tariff bill a better chance of favorable action. It is proposed that the anti-dumping bill and the bill providing for American valuation of imports be added to it. Some of the House members, however, are inclined to think each bill should stand on its own merits.

### Ex-U. S. Senator Ankeny Gravely Ill at Walla Walla

Walla Walla, Wash., March 28.—(Special.)—Senator Ankeny, former United States senator from Washington, suffered a stroke of paralysis at his home here today, and his condition tonight is reported to be critical.

## AND THE DRIVER ESCAPED!

P. J. HANEY'S WRECKED CAR.

Four women and three men were cut and bruised when two automobiles crashed together yesterday on the southwest side, but P. J. Haney, driver of the car pictured above, crawled from the wreckage unscathed.

(TRIBUNE Photo.)

### Wheel Torn Loose

An interesting feature of this picture is that the auto driver escaped uninjured. Four women and three other men in the accident, which occurred at Western avenue and Forty-seventh street, were cut and bruised, but P. J. Haney, 5924 South Campbell avenue, crawled from beneath the debris without a scratch.

Mr. Haney was driving south in Western avenue when he crashed into a car driven by Dr. Frank Wierle, 8361 Burlington avenue. A wheel from Haney's car was torn loose and hurled through the windshield of a third auto driven by Hyman Gratz, 1320 West Roosevelt road. Gratz was cut about the face.

Miss Frieda Rosenblum, 26; her mother, Mrs. Jesse Rosenblum, and Miss Florence Plotnick, all of 2824 Iowa street; and Mrs. Herman Warshaw, 2614 North Spaulding avenue, occupants of Dr. Wierle's car, all were injured. So were August Newbaker, 2634 West Thirty-sixth street, and Max Bowen, 467 North Dearborn street. Newbaker suffered a fractured leg. Bowen sustained scalp wounds. Both were taken to St. Anthony's hospital.

AUGUST NEWBAKER.

## LAWYERS CALL NONPARTISAN VOTE PARLEY

Democrats Ready to Aid  
Sitting Judges.

BY PARKE BROWN.

Representatives of the Chicago Bar association decided yesterday to hold the proposed conference upon non-partisanship in the June judicial election next Thursday afternoon.

Invitations were sent out by Amos C. Miller, chairman of the association's committee on judicial candidates, to Homer K. Galpin, titular head of the Brundage-Deneen organization, as chairman of the county committee, to Charles V. Barrett, who holds a similar position in the Thompson forces, and to the Democratic county committee.

Two of the three camps immediately told THE TRIBUNE they were prepared to accept the invitation. Chairman Galpin said the injury of Attorney General Brundage would not cause him to ask for a postponement of the session, and County Clerk Switzer expressed the opinion that the Democratic committee would accept.

Would Eliminate Party Circle.  
"I have at all times advocated non-partisanship in judicial elections," said

Mr. Switzer, "and favor the elimination of the party circle and party column completely so far as the judges are concerned."

"That requires legislation, but under the present circumstances I am ready to support a movement for the reflection of all sitting judges of approved records regardless of their political affiliations. I know my associates on the county committee feel the same way."

In the absence of Attorney General Brundage, it is probable that the anti-Thompson Republicans will be represented by Chairman Galpin, John C. Cannon, and either former Gov. Deneen or Roy O. West.

City Hall Remains Silent.

The city hall was silent in its attitude toward the conference. Reporters were given to understand that the matter was of such importance that it must be deliberated upon, but hints from individual leaders in the Thompson councils were that even if the invitation is accepted the city hall representatives will not enter into any agreement for a nonpartisan ticket.

It was asserted emphatically that the Lundin-Thompson organization, reaching out into the country towns, has signed up precinct committeemen who have a combined voting power of more than 1,000 votes. The total vote in the country towns is 1,512 and substantiation of their claims would give the Thompsons a majority at their convention of April 26.

The city hall people also claim that they have "an ace in the hole"—a ward committeeman now counted on the Brundage side who, they say, will appear in the Thompson convention. Both this claim and the claim of 1,000 country town votes are denied emphatically by the Brundage-Deneen leaders.

MAN'S BODY FOUND IN CANAL.

The body of a man about 45 years old was found yesterday between the Illinois-Michigan and new drainage canals at Summit, Ill.

You needn't even be dissatisfied here;  
you can always get your money back.

## More for your money

The war did more than raise clothing prices; it lowered quality. But now you're getting better suits than a year ago; and lower prices. Hart Schaffner & Marx finest silk lined suits; a year ago '85 '90—now

**\$50—\$60**

You can get mighty fine suits and overcoats for \$35; stylish ones—the same qualities last spring were \$50, \$60. Now

## LINEN

The Fabric Supreme

In these thick, all-linen floor coverings, LINEN, cherished as the fabric of enduring charm, completes its sphere of usefulness in the service of the home.

KLEARFLAX LINEN RUGS & CARPETING, made entirely of linen, will impart new charm to every room in your house because the inherent beauty, richness and dignity of linen are the virtues of Klearflax.

Thick, heavy and closely woven, they are flat-lying, dust-resisting and soft-treading.

Their soft, restful colors offer a range of harmonious backgrounds for all requirements, and greatly simplify your decorative problems.

And their price? Think of it—a 9x12 rug, nearly 50 pounds of pure linen, selling at only \$54.50, still further commends them because of the unusual value.

Klearflax, like all things linen, improves with wear, becoming softer and more silk-like with continued use.

See Klearflax rugs and carpetings today at all leading department stores, rug and furniture stores.

They are equally desirable for Hotels, Business Offices, Theatres and other Institutions.

## WE PAY YOU

BEFORE WE COLLECT YOUR  
BAD DEBTS

THAT'S what "London" Credit Insurance is. It is absolute insurance, under your policy, against loss from bad debts.

And you do not have to "hope" we'll collect it, while you wait indefinitely for your money. You know you'll get your money, and you know when—whether we collect it or not.

When one of your covered accounts is not paid at maturity, it is construed to mean a "loss." Any excess of your normal loss the "London" pays within forty-five days, and each succeeding covered loss within forty-five days after it occurs.

Why not get the particulars of our policy today? You are under no obligation in asking.

# PUBLIC LEDGER NEWS SERVICE

Which through its leased wire circuits supplies chains of dailies of America stretching from New York to the Pacific Ocean and from Canada to Mexico

**WILLIAM HOWARD TAFT**

Mr. Taft has for several years been an editorial leader writer for the PUBLIC LEDGER.

These editorials have shown the former President of the United States in a new and welcome role as a force in international journalism.

They present balanced and even-tempered judgments, reflecting his ripe experience as jurist and executive—his political background—his present scholarly environment at Yale University.

Perhaps no other public man with freedom to express himself travels so widely or has such opportunity to discover and compare conditions and opinions in all parts of the world.

**COL. EDWARD M. HOUSE**

Col. House is now on the PUBLIC LEDGER editorial staff.

His recent visit to Europe was as observer for the PUBLIC LEDGER FOREIGN NEWS SERVICE, of which Carl W. Ackerman is chief.

Col. House represented the United States in the Supreme War Council at Versailles and in the negotiations for the Armistice with the Central Powers. He was a member of the American Commission to Negotiate Peace.

Even previous to this important service he had been in almost constant conference with the leading statesmen of Europe. He has a basis for inside knowledge of European affairs such as is possessed by no other living American. In April he visits Europe again for the PUBLIC LEDGER.

The acid tests of the World War and its diplomatic aftermath were passed with signal honor by all of the principal European and American correspondents of this service

## JERSEY CITY CITED AS TEX'S CHOICE FOR TITLE SCRAP

### TRIBUNE DECISIONS

Decisions of Tribune boxing representatives were:

At Pittsburgh—Joe Lynch beat Young Pinchot (10).

At Allentown, Pa.—Memphis Pal Moore beat Terry McHugh (10).

At Detroit—Carl Tremaine beat Jabez White (10).

At Memphis—Harry Foley beat Martin Burke (10).

At New Orleans—Young Galliano knocked out Joe Fial (10).

At St. Louis—Harvey Thorpe knocked out Bill Burns (10).

At New York—Joe Gorman beat Frank Edwards (10).

New York, March 28.—[United Press.]—Jersey City will be named by NOW MAKE FUN OF JOE LYNCH, WILLA?

Tex Rickard said the site for the Dempsey-Carpenter fight, according to a widely circulated report here today. Rickard said Mayor Hague of Jersey City held a long conference Thursday, during which all the details are said to have been settled. When Dempsey and Carpenter were first matched, influential citizens of Jersey City suggested the site to Rickard, and since that time negotiations have been completed which are said to have assured no opposition from Gov. Edwards or the New Jersey state boxing commission.

Lawmakers Are Interested. John S. Smith, chairman of the commission, said here recently that the Jersey solons were anxious to have the two heavyweights come together for the world's championship in New Jersey.

Rickard, it is understood, will erect an arena to accommodate 75,000, the stadium to be taken over later by a New Jersey syndicate to be used for future fights and sporting events.

At present the New Jersey law permits only twelve rounds, no decision bouts, but it is understood an effort will be made to amend the law to permit fifteen round bouts to a decision.

Nevada City in Big Bid. An added starter scampers into the proceedings today in the shape of another site. Fallon, Nev., was the name of the town entry, backed by a syndicate guaranteeing \$500,000 for the battle. The Nevada offer arrived in the following dispatch, received by Rickard about midnight, when he had no time to pass judgment on it.

"Tex Rickard, Madison Square Garden, New York.—Syndicate offers \$500,000 for Dempsey-Carpenter match; Broken Hills, Nev.; new silver camp, July 4. (Signed) 'DR. W. E. HARRISON.'"

Also Confab on English Offer. While Rickard was perusing the Nevada telegram, his telephone rang and the party on the other end of the wire said he was Walter C. Percival, an American playboy. He said he represented the English syndicate headed by Solly Joel, a diamond merchant, and asked for a conference tomorrow to discuss the English offer of \$500,000.

BRITISHERS ARE SKEPTICAL. LONDON, March 28.—[United Press.]—Laughter greeted the publication here of a cable from New York announcing that "Walter Percival, representing Solly Joel, South African millionaire sportsman, has offered Tex Rickard \$500,000 for the Carpenter-Dempsey fight."

London sportsmen don't know Percival and because Joel himself is on the way back to South Africa, they haven't been able to confirm the report through him.

The British are firm in their belief that the bout will never take place.

JOE LYNCH HAS EDGE ON PINCHOT. Pittsburgh, Pa., March 28.—Joe Lynch, bantamweight champion, was by a shade from Young Pinchot of Charleroi, Pa., in ten rounds tonight. The only knockdown came in the seventh when the champion sent Pinchot to the canvas for a count of nine. The bout was slow and in the early rounds Pinchot was the aggressor, landing often with his left. Lynch took six rounds, Pinchot three, and one was even.

Cline-Delaney Battle Is Stopped; Former Stalls. Rochester, N. Y., March 28.—A scheduled fifteen round bout between Irish Patsy Cline and Newark and Cal Delaney of Cleveland was stopped in the fifth round tonight, the referee claiming that Cline was stalling. Up to the time of the referee's decision, Delaney had the better of the go.

Kilbane Denies Signing to Defend Title with Chaney. Cleveland, O., March 28.—Johnny Kilbane, featherweight champion, denied tonight that he had signed to meet Andy Chaney in a title bout here this summer.

The Secret Is In the "Two" Car Owners! New Cars for Old. HOW? JEWEL SEE THURSDAY'S PAPER

CLINE-DELANEY BATTLE IS STOPPED; FORMER STALLS. Rochester, N. Y., March 28.—A scheduled fifteen round bout between Irish Patsy Cline and Newark and Cal Delaney of Cleveland was stopped in the fifth round tonight, the referee claiming that Cline was stalling. Up to the time of the referee's decision, Delaney had the better of the go.

Kilbane Denies Signing to Defend Title with Chaney. Cleveland, O., March 28.—Johnny Kilbane, featherweight champion, denied tonight that he had signed to meet Andy Chaney in a title bout here this summer.

## GASOLINE ALLEY—MODERN MUSIC

## CITY COUNCIL PASSES KOSTNER BOXING BILL BY A UNANIMOUS VOTE

BY RAY PEARSON.

If the Illinois state legislature handles a boxing bill as the city council has handed it there will be legalized boxing in Illinois before long.

When Osceola, chairman of the judicial committee called up the council bill, drawn up by Ald. Joseph Kostner at yesterday's session, it was passed by unanimous vote of the council.

The council bill already is in the hands of the Illinois house of representatives subcommittee, which committee was appointed for the purpose of taking all bills and redrafting a committee bill for presentation to the house and senate for vote.

Differs From Other Drafts. The Kostner bill, which calls for fifteen round no-decision bouts, differs in some respects from other measures introduced at Springfield.

The meeting scheduled for this afternoon by the newly organized Illinois Association of Boxing Managers, has been postponed for two weeks. The interest taken by managers of boxers in other cities of the state is given as the reason for the postponement, and it is expected that two weeks' delay will give those from other cities a chance to enroll with the new association.

Moore Vs. Kelly Again. The next trip to a Wisconsin ring will carry local fans to Kenosha the night of April 7. On that evening Pal Moore, Memphis bantam, and Jimmy Kelly of Chicago will hook up in a return engagement of ten rounds. Their first meeting was a thriller, Kelly springing a surprise by giving Memphis Pal a tough argument. Bud Christianso has been matched with Joe Leonard, a newcomer, for the semi-windup.

Meyers and Lou Talaber End Work for Mat Bout. Johnny Meyers and Lou Talaber, who meet tomorrow night at the Second Regiment armory for the middleweight wrestling championship, finished training yesterday. The men will do just enough work today to make certain of being below 155 pounds at 3 o'clock tomorrow afternoon. The main bout will be supported by two preliminaries. Efforts will be made by soldier organizations to start the big match at 10 o'clock.

TOO COLD FOR ILLINOIS. Agricultural College, Miss., March 28.—[Special.]—The game scheduled between the Mississippi Aggies and University of Illinois was called off on account of cold weather and wet grounds.

PLAY FINAL IN BOYS' CLUB RACE. The 100 pound basketball championship of the Chicago Boys' club was decided last night at Club 4 when Club 5 defeated Club 2 by a count of 15 to 13. The Garfield Jones trophy was awarded the winners.

McGowan Is Injured in Pro Race Against Baptiste. New York, March 28.—An injury in the second race prevented Everett McGowan of St. Paul from competing in the deciding indoor professional speed skating race tonight with Norval Baptiste, holder of the Canadian title. Each had won a race, and Baptiste, declining to win by forfeit, agreed to postpone the final mile race indefinitely.

## EX-ATHLETES "MAKE GOOD" NO. 20

COL. H. B. HACKETT. [TRIBUNE Photo.]

TO win a monogram for competition on one of the academy teams is the hope of every cadet at West Point. To win two is a distinction, but to win twelve, four each in three major sports, made an idol of Horatio B. Hackett at the training school for army officers on the Hudson.

In 1904 Hackett graduated from West Point, having captained the baseball team, on which he was catcher; captained the basketball team, on which he played forward, and played regularly at half back and quarter back of the football team, an agrandissement of athletic honors which gave him twelve monograms. He also played goal on the hockey team, a sport not given major ranking. During his schoolboy days in Philadelphia he was a star cricket player.

Hackett is now a successful figure on La Salle street, where he is located with John Burnham & Co., investment security house. He won additional distinction during the war, serving nearly a year in France as colonel with the 124th field artillery of the 33d division. He is still prominent in athletics, officiating regularly in Big Ten conference football games.

WALTER WOOD, HARNESS MAN, DIES. Kewanee, Ill., March 28.—[Special.]—Walter T. Wood, veteran race horse owner, who was widely known on the Illinois circuits, died at his home here today from blood poison.

## MRS. PRITCHARD AND MRS. LETTS WIN WAY TO GOLF SEMI-FINALS

Pinehurst, N. C., March 28.—There was one upset today in the second round of the women's north and south golf championship.

Ship, when Mrs. John D. Chapman of Greenwich defeated Miss Sarah Fowles of Pittsburgh on the home green. After trailing all the way, Mrs. Chapman squared the match by winning the seventeenth with a three and then took the eighteenth with a par five.

Mrs. Dorothy C. Hurd of Pittsburgh, title holder, found Mrs. Hope Gibson of the Hamilton Golf club of Canada, at the top of her game and had to play her finest to win, 2 and 1.

Mrs. J. S. Pritchard of Chicago and Mrs. F. C. Letts Jr. of Chicago, western champion, were the only other players to win their way to the semi-finals. Mrs. Pritchard meets Mrs. Hurd, and Mrs. Letts plays Mrs. Chapman tomorrow.

GERMAN POLICE DOGS POPULAR FOR SHOW HERE. All styles change, it seems, even the popular fancy for dogs. This year, according to the entry for the twentieth annual bench exhibit of the Chicago Kennel club, at the First Regiment armory, the last three days of this week, Russian wolfhounds and shepherd dogs, formerly known as German police dogs, seem to be most popular.

R. M. Cleveland, Princeton, N. J., son of the late Grover Cleveland, will be an exhibitor in Chicago for the first time, with his famous shepherd dogs.

LEGION SECTIONAL VICTORS. Clash on Floor Tonight. The Advertising post five, which won the championship of the central division of the American Legion league and the South Shore post five, which won in the southern division, will clash tonight in Bartlett gymnasium at 8:15.

BANQUET FOR KACH FIVE. The Kach A. C. 1921 champions of the Austin Basketball league, will be guests at a banquet tonight at the Byford gym.

## BASKETBALL

AFTER a complicated session yesterday the board of appeals of the Chicago Public High School league adjourned without a definite decision on Englewood's protest against Ralph Rice, heavyweight basketball player of Hyde Park. It is charged that Rice played on a team called the O. K. O. J.'s, against Sinal center 135 pounders, a few weeks ago. Another meeting may be held tomorrow.

In the meantime the heavyweight title game arrangements are up in the air. Hyde Park and Crane have qualified, but a decision upholding the anti-Hyde Park protest might throw out that team's victory.

Two lightweight games are scheduled this afternoon, Crane meeting Senn at Lake View and Lane meeting Marshall at Senn.

EVANS DECIDES TO PLAY ABROAD. Charles "Chick" Evans yesterday confirmed reports that he will be one of the American golfers who will invade England this summer in quest of the British amateur championship.

Evans said that business considerations, which at first led him to announce he would not make the trip, had been arranged through the efforts of Chicago friends but that it was too early to discuss plans.

Boston, Mass., March 28.—Francis Outmet today said that he could not see his way clear to join the team of American amateur golfers in the trip to England this coming summer. It was highly improbable that business considerations which controlled his decision would change, he said.

LEGION SECTIONAL VICTORS. Clash on Floor Tonight. The Advertising post five, which won the championship of the central division of the American Legion league and the South Shore post five, which won in the southern division, will clash tonight in Bartlett gymnasium at 8:15.

BANQUET FOR KACH FIVE. The Kach A. C. 1921 champions of the Austin Basketball league, will be guests at a banquet tonight at the Byford gym.

## HOPPE DISPLAYS SKILL PRESAGING WOE FOR RIVALS

Willie Hoppe, king of the balk liners, convinced two capacity houses at Muskegon yesterday that Horsemans, Schaefer, and Cochran have a steep road to travel before they can snatch his championship hip crown. He defeated Charles Peterson of St. Louis, king of the fancy shot players, 100 to 12, in the afternoon, and 100 to 19 at night.

In both blocks Hoppe went out in three innings, giving him an average of 100 for 600 points. In the afternoon session he counted 198, 76, and 82 and at night made 1, 103, and 196.

Misses Difficult Try. His opening shot at night left him the two object balls in opposite corners and the cue ball in the middle. He tried a free hand masse and missed. He gave a wonderful display in his runs of 103 and 196. He scored the first century of the final run in thirteen minutes and did not make a single masse, making eleven long table drives. The balance of his run contained some good close work.

Play Twice Today. Peterson had a run of 17 at night and then was short on a draw shot. He gave a great display of fancy shot. They will play again this afternoon and at night.

CHICAGOANS WIN IN BILLIARD MEET. Detroit, Mich., March 28.—[Special.]—Walter Brewer of the Hamilton club of Chicago defeated his clubmate, Arthur Hahn, 50 to 47, in the opening game of the national amateur three cushion tournament. The battle lasted 123 innings, the winner getting high run of three. Hahn had a four.

Harry Kuhns and Dr. Sutcliffe of the Chicago A. A. battled for 140 innings, the former winning, 50 to 47. Each had a high run of three.

Earl Lookabaugh, Illinois A. C., established himself as a favorite by defeating George Laubach, New York, 50 to 28, in sixty-one innings. Lookabaugh had a high run of ten.

Other results: Calderwood, Detroit, beat Servatus, New York, 50 to 42, in 110 innings. Hahn, Chicago, beat Sutcliffe, Chicago, 50 to 41, in 109 innings.

## SHIP MODELS

MAN'S conquest of the elements is most prolonged, most marked, in the eternal battle he wages with the sea. The frail Phoenician galleys, second cousins to the coracle of bull-hide and the birch-bark canoe; the tall ships of the Armada and the waspish little rovers of Drake; the ships-of-line, with their serried rows of cannon, which John Paul Jones chased around the seas; even the ungainly shapes of the first steamers, full-rigged for sail but with great paddle-wheels topped by a tall funnel, have an appeal to the eye of even the veriest landsman who ever crossed the Lake to St. Joe.

Much of the high romance, the stirring appeal to deep-buried love of the sea that is inherent in most Americans, is brought to the surface in the sturdy, wondrously formed "Ship Models" now on exhibition in the Galleries. They range from before the days of Caesar up to the time of the "Great Eastern"; and there are Prints of famous ships and shipwrecks, Mariner's Lanterns, and many other maritime remembrances.

## GOV. SMALL PROMISES:

Before Election:  
"I favor and shall vigorously push to completion the development of Illinois' hard road system, which has been emphatically approved by the people."  
—Len Small as candidate in his platform June 23, 1920.

After Election:  
"In my opinion the greatest economic good that can be accomplished for the country is the development of the country's road system. It is my duty to push this road system to completion."  
—Len Small as governor in his inaugural address, Jan. 10, 1921.

## BY OSCAR E. HEWITT.

In the last few years Illinois has made progress in road construction. The work has not gone as fast as some desire, but the state has been going ahead.

Probably few realize that since the state highway department was placed on a modern basis \$25,940,000 has been spent on Illinois highways. Other roads under contract will require an estimated \$14,247,000.

Under the heading of federal aid roads Illinois has constructed 404 miles of concrete, 16 miles of brick, 9 miles of bituminous concrete and bituminous macadam, and 120 miles of earth and oil road.

Under construction from federal aid there are 168 miles of concrete, a mile of brick, two miles of macadam, and 6 miles of earth and oil road highways.

## State Aid Roads Built.

Switching from federal aid to state aid, a total of 396 miles of concrete roads, 359 miles of macadam and gravel, and 479 miles of earth and oil road have been completed.

In addition the highway law permits counties to build roads, for which they will be partly reimbursed later. In this case 125 miles of concrete, 21 miles of brick, 5 miles of macadam and gravel, and 31 miles of earth and oil road have been finished. This indicates the progress which has been made according to the state highway department, after the close of the last construction season.

The most interesting phase of the subject now is what is going to be done. Except the completion of the work under contract, is progress to be halted? Few contracts were awarded last year and none to date this year.

## Slow Starting in 1919.

Even in 1919 the state administration hesitated to start. It did not get ready for action until July. During that month and August a large mileage of contracts was awarded. In September much more work was given the contractors. It was too late in the season to get substantial results and a large percentage of the work was carried over to 1920.

Before the opening of the 1920 season the state administration, of which Gov. Lowden was then the head, opened bids. They were rejected, except for a few stretches to connect roads already completed or then in the process of construction.

Before determining upon the policy Gov. Lowden called in the material men, contractors, railroad operators, automobile associations, certain bankers and others, and they agreed that prices were still trending upward.

In announcing his policy Gov. Lowden gave the public his reasons. Among the principal ones are the following: Lack of cement. The manufacturers submitted bids for only 1,000,000 barrels to the state highway department would not promise more than 1,800,000 barrels, while the commission was asking for 2,800,000 barrels.

Railroad Situation a Factor.

Railroads declined to promise delivery of other materials when needed, citing as reasons priority orders and lack of equipment. Contractors complained of excessive delays in getting equipment with which to do the work. The highway department complained that sufficient contractors of adequate responsibility could not be obtained to perform the work which the state wanted done. Counties with bond issues for roads were attracting some competition. Gov. Lowden said that it was difficult to obtain unless a high wage was offered.

Build another reason assigned was that the price asked was too high to permit a substantial mileage to be built from the \$60,000,000 bond issue fund.

The last reason was that the bond market prevented the sale of the bonds, except at a discount which was too large in Gov. Lowden's opinion. In view of the price asked for the road construction, he said this combination of conditions made it inadvisable for him to award a large amount of work.

## Action Taken Under Small.

This brings the road construction in Illinois up to the present state administration. The governor has done more than give the two promises printed at the top of the column. He advertised for bids Feb. 13, rejected them March 5, and readvertised for bids March 26.

In rejecting the bids Gov. Small assigned two principal reasons, the price asked and the bond discount.

It is said that the governor anticipates that he will get lower bids next time, and every good road advocate hopes he will. But to date he has not indicated whether he will proceed if he gets a price he considers satisfactory. Nor has he said at what discount he would be willing to sell the bonds.

The commissioners of Cook county received bids yesterday for a bond issue of \$2,000,000 to be used in the construction of permanent highways. A syndicate headed by the Northern Trust company submitted the highest of the five bids, which was accepted. The offer for the \$2,000,000 in bonds was \$1,828,460, or a price of 91.425.

The lowest bid was \$1,750,400.

TAXI CHAUFFEUR  
FINDS, RESTORES  
WOMAN'S \$3,000

As long as a certain taxicab company retains Chauffeur Edward Kipnis in its employ it will be assured the patronage of the family of I. L. Arkin of 3728 West Polk street.

Mrs. Arkin called a cab to take her home yesterday afternoon. Kipnis responded. Several hours later Mrs. Arkin called up the company's office.

"I left my purse in one of your cabs," she exclaimed.

"What was in the purse?" asked the office attendant.

"Diamond rings worth \$2,300, \$200 in cash, two \$100 Liberty bonds, and a \$300 necklace," was the answer.

"Well, your purse and valuables were turned in some time ago by Chauffeur Kipnis," said the man.

"We have been expecting a call from you," Mrs. Arkin called a cab. Kipnis responded. He brought the purse and the valuables.

"We are that young man's friends for life," said Mr. Arkin last night.

Kipnis, who is 25 years old, lives at 1139 South Homan avenue.

NEGROES ROB 3  
WOMEN; ONE MAN  
TRAPPED, 2 ESCAPE

Three robberies by Negroes occupied the attention of the south side police last night. One of the robbers was captured.

The first victim was Miss Julia Todd of 4032 Indiana avenue. She was robbed of \$40 by two Negroes who beat her about the head and body.

Mrs. Betty Sloan of 420 East Forty-ninth street was held up at Forty-ninth street and Grand boulevard and robbed of a fur coat valued at \$500 and \$50 in currency. A number of pedestrians pursued the robber, but he escaped by running down a dark alley.

Mrs. Earl Maher of 4511 Michigan avenue was robbed of a purse containing \$10. Policeman Edward McHale of the Wabash avenue station saw the Negro as he leaped at Mrs. Maher from a doorway. He pursued the robber, who stopped after the policeman had fired four shots at him. The prisoner gave the name of Joseph P. Brennan of 3767 Indiana avenue.

One Way Traffic Tried  
on More Streets of Loop

One way traffic on a number of streets in the north end of the loop was put into operation last night by Capt. Patrick Lavin's traffic policemen.

The ruling obtains between 7 and 11 p. m. It is a wonderful success, Lavin says. The streets affected by the new ruling are:

West Randolph, between State and La Salle; west bound traffic only.

North La Salle, between Randolph and Washington streets; south bound traffic only.

North Clark, between Randolph and Washington; north bound traffic.

Dearborn, between Randolph and Washington; south bound traffic.

The commissioners of Cook county received bids yesterday for a bond issue of \$2,000,000 to be used in the construction of permanent highways. A syndicate headed by the Northern Trust company submitted the highest of the five bids, which was accepted. The offer for the \$2,000,000 in bonds was \$1,828,460, or a price of 91.425.

The lowest bid was \$1,750,400.

WOMAN CHANGES  
MIND; WRECKS  
DRAMA 'REUNITED'Balks at Remarrying Old  
Spouse for Child's Sake.

The scene for a pathetic drama in which a mother and father, divorced, were to be reunited for the sake of their 4-year-old child, was set in Judge Joseph Sabath's court yesterday.

The father had agreed to give up the girl to whom he has been engaged for three months. The mother had agreed to the annulment of her second marriage. Judge Sabath was to grant the annulment, then reunite the former husband and wife.

But the plans went wrong. Mrs. Estelle Foetisch, the woman, at the last moment decided not to go through with them.

Woman Was Amnesia Victim.

Several weeks ago Mrs. Foetisch was found wandering near Jackson park, her mind a blank. At South Shore hospital Dr. Herman N. Bundesen pronounced her a victim of amnesia. Induced, he said, through fear she would be denied the privilege of seeing her son, Vincent Uzdrowske. John G. Uzdrowske, 2740 Ward street, had obtained custody of the child when he got a divorce in July, 1920. Nine days after the divorce the mother married Carl Foetisch, a steel worker of Hammond.

While in the hospital Mrs. Foetisch constantly called for her child. To Dr. Bundesen she confided:

"I would do anything to get my child back. My life is miserable. Sometimes I think I am going mad. I would do anything to end the agony—even remarry my former husband."

Mr. Uzdrowske agreed to a remarriage. He was engaged to another girl, he said, but for his child's sake he would remarry his first wife.

She Changes Her Mind.

Preparations were made hastily. All were to appear in Judge Sabath's court at 2 o'clock yesterday. All appeared except Mrs. Foetisch. After an hour's waiting, some one called her at her sister-in-law's home, 9223 Manhattan street. Mrs. Foetisch answered.

"She has changed her mind," he said. "She's hysterical." Mrs. Foetisch stood beside him but he would not let her talk. "She says she will go with me if she can't have the child, but feels she can never go back to her first husband," he said.

"She will never have another chance," Mr. Uzdrowske said. "Next week I shall put her in a boarding school in Minnesota. Next summer I shall marry and give the child a real home."

Vincent, who had been playing marbles in Judge Sabath's chambers, left with his father. He wants his mamma back.

GEN. WOOD LIFTS  
THE SENTENCE OF  
COURT MARTIAL

The first case of a suspended court martial sentence was made public yesterday at Fort Sheridan. By orders of Maj. Gen. Wood, the sentence of dishonorable discharge and one year's confinement given Private James A. Whitaker for desertion was suspended.

Whitaker asserted he was not in his right mind when he ran away from the army post at Fort Hamilton, N. Y., in September, 1917. He claims he lost his memory after he ran away, and that he did not remember anything until Nov. 8, 1920. He gave himself up next day and has been waiting disposition of his case since.

Whitaker served in the Philippines, China, and on the Mexican border. Once in the Philippines and once when he was a boy, he said, he had suffered similar lapses of memory.

The medical board decided he had the mind of a boy of 14. He is 35 years old.

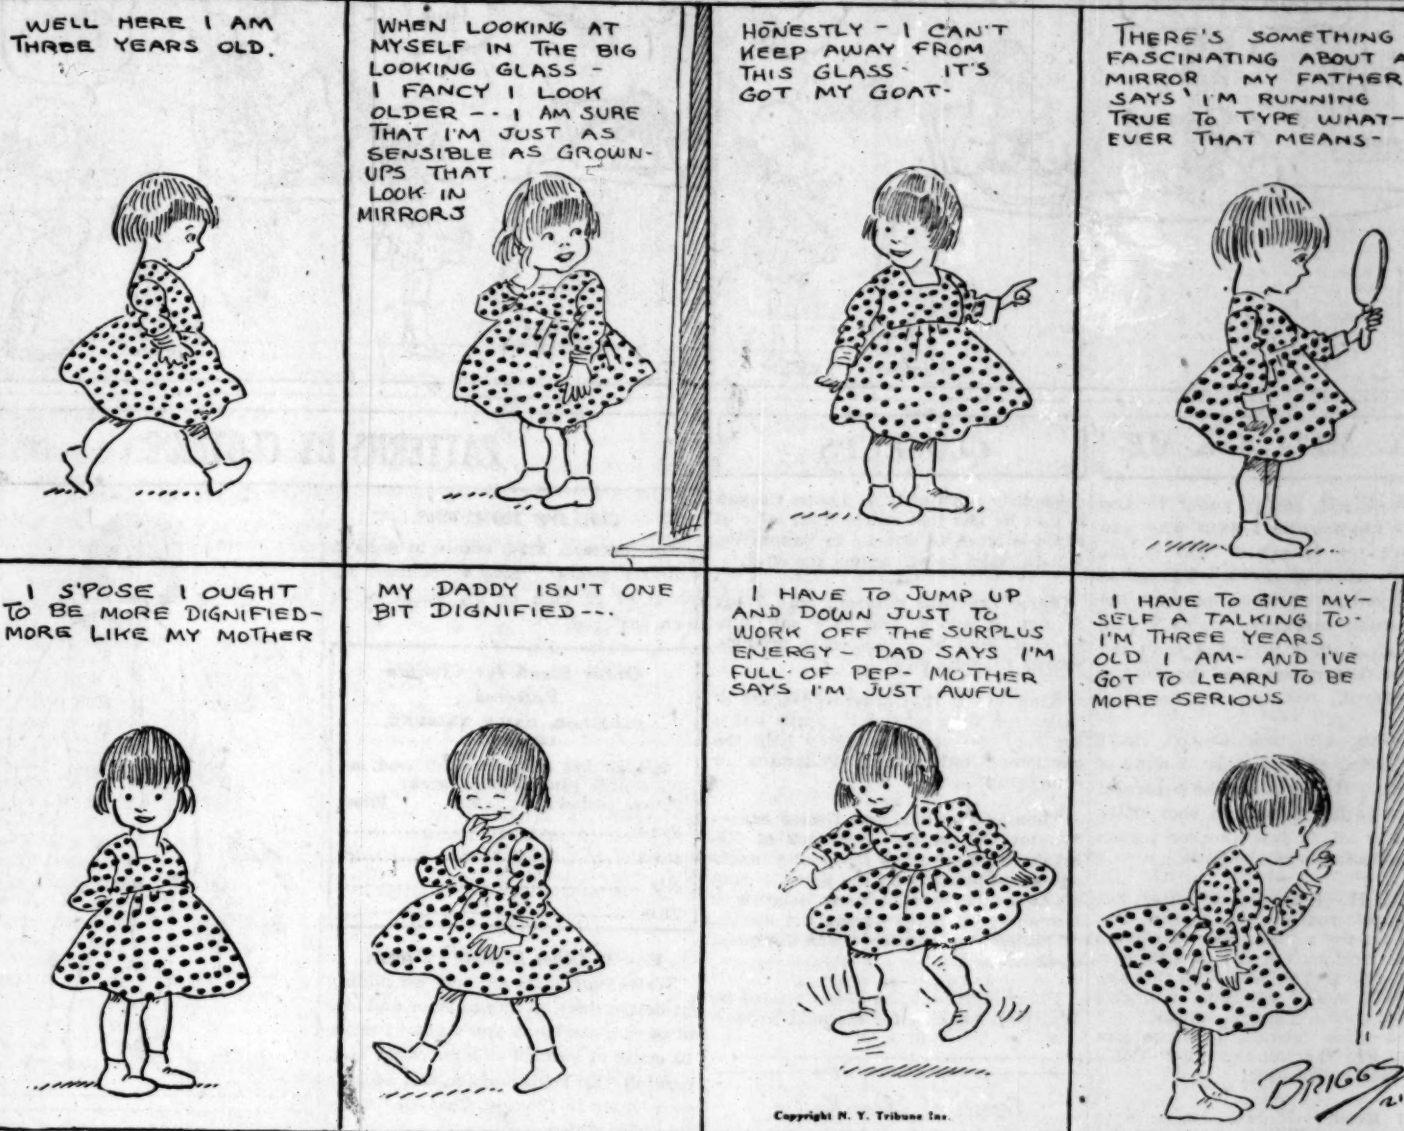

MAN OF VARIOUS  
ARMIES PUZZLES  
FORT OFFICERS

The status of William Urban is troubling officers at Fort Sheridan. He was a deck hand on a vessel that went to Trieste in 1915. He was seized by the Austrians as a French citizen and sent to a prisoner for a year. He escaped to Russia, and served as an interpreter with the army until he was captured by the Germans.

He escaped into Luxembourg and joined the American army as an interpreter, serving until he was taken ill and sent to the United States on a hospital ship. He was treated at Fort Sheridan and discharged as cured in 1920.

Now he is back again at the fort and they don't know whether he is a soldier or not.

## WONDER WHAT A THREE YEAR OLD GIRL THINKS ABOUT

HEART'S HEAVY,  
BUT TONY MAKES  
CHILDREN LAUGH

"Show Goes On," Even  
with Wife Gone.

Tragedy has entered the life of Antonio Perry, called the "Charlie Chaplin of the legitimate." For the last few days it has been hard for Tony to put on his act, but, like all comedians, whose life behind the scenes is somewhat different from that expected by the audience, Tony has managed to make the children laugh.

But last Monday Tony came home at 19 West Ontario street, and his mother-in-law said:

Dorothy has gone. She left here shortly after noon and later came back with this coat which she had purchased for Vivian, and she jumped in a taxi and we haven't seen her since."

Dorothy is Tony's wife. For many years they appeared on the stage together as jugglers. Then Tony had to quit because of an operation. He could only do light acting.

ing. His wife has been playing the organ lately in the Casino theater. Vivian is their 9-year-old daughter.

A mysterious telegram and a letter hint Mrs. Perry has met with an auto accident.

There is something funny about all this," said Tony last night. "I can't understand it. I think some one has kidnaped my wife."

Bill to Insure Cops and  
Firemen Goes to Capital

Group insurance for city firemen and policemen killed in "line of duty" is provided for in a bill introduced by the city council yesterday and ordered forwarded to the state legislature.

The proposal was introduced by Ald. Joseph O. Kostner five months ago. In its final form it would give the city power to buy insurance for firemen and policemen, or to set aside a fund from corporate revenues, the income of which would be used to pay widows or other dependents of men killed on duty.

## BEG YOUR PARDON

The caption on a picture printed in The Tribune of March 22, in connection with a daylight saving story, remarked that the shift of watches and clocks "is sometimes confusing," and proved its statement by saying that the clocks should be turned back an hour. Timepieces are turned ahead in the spring and back in the fall under daylight saving rules.

Several days ago The Tribune, in a story concerning the divorce action brought by Ralph A. Neger, who named Federal Prohibition Director Frank D. Richardson, stated that Mr. Neger was employed by the Cable Piano company. R. J. Cook, general manager of the Cable Piano company, informs The Tribune that this is incorrect. Mr. Neger is and has been for several years an employee in the collections department of the Cable company, manufacturers of pianos. There is no connection between the two companies, except that the Cable company sells Cable pianos to the Cable Piano company.

MRS. ORTHWEIN  
INDICTED FOR  
MANSLAUGHTER

Mrs. Cora Isabella Orthwein, divorcee, and confessed slayer of Herbert P. Ziegler.

district manager of the Goodyear Tire and Rubber company, was charged with manslaughter yesterday by Judge George Keene.

Ziegler was shot to death in Mrs. Orthwein's apartment on March 1. The couple had spent the night at the north side cabaret and had quarreled over a kissing blond at the Green Mill gardens.

Ziegler, a married man with a daughter, had been seen frequently in the company of the divorcee.

Mrs. Orthwein, if convicted, would face a sentence of from one year to life in the state penitentiary.

Lumber Men to Discuss  
Reconstruction Problem

Problems of reconstruction will be discussed at the third annual lumber congress, to be held at the Congress hotel Thursday and Friday. Among the speakers will be Patrick H. Kelley, former congressman from Michigan; Leslie M. Shaw, former secretary of the treasury; R. M. Barton, chairman of the United States railway labor board; and Magnus W. Alexander, director of the national industrial conference board.

JURIES IMPOSE  
LIMIT OF LAW ON  
THREE GUNMEN

Negro Foreman Helps  
Jail Two Negroes.

Within one hour yesterday juries in the Criminal court sentenced three bandits found guilty of robbery with a gun to terms of from ten years to life at Joliet penitentiary.

Clement Lebedis, 19, was sentenced for holding up the grocery store of John Bony at 944 West Thirty-sixth street and stealing \$117 and a \$30 revolver. He is alleged to have been sent to Pontiac in 1916, paroled in 1918, and finally discharged in 1919.

"There is only one thing you can do," State's Attorney McDaniel told the jury before Judge George Keene. "That is to send this man, who ought now to be in prison, to Joliet, where he cannot escape at least for seven or eight years."

Negro Helps Convict Negroes.

Richard Bradford, a Negro of 5336 St. Lawrence avenue, was foreman of the jury in Judge David's court which convicted Joseph Parker and Henry Tibert, both colored. When Bradford was elected foreman he said to his fellow jurors: "These fellows are a disgrace to my race. We've got to send 'em down the river."

The two were charged with holding up Elizabeth Witherspoon, 150 West twenty-sixth place, for \$11.60.

George W. Bingham, former teller of the Schiff & Co. State bank, was sentenced to from one to ten years by Judge Frank Johnson after Bingham admitted that, beginning the day he was first hired three years ago, he had taken a total of \$7,450 from the bank.

Slayer Given 18 Years.

Judge Hugo Friend sentenced Herbert B. Conright, convicted slayer of Mrs. Eva Wyatt of Aurora, to the penitentiary for eighteen years. John Cashen, attorney for Conright, announced that he would appeal to the Supreme court.

FRENCH "BRIDE'S"  
LETTER STARTS  
DIVORCE ACTION

Mrs. Antoinette Friedman, a French girl, had only her baby and a tattered uniform when her husband left her at the end of the war and returned to America.

After waiting in vain for him to return she searched through the pockets of the uniform for his address. A letter, bearing the name Mrs. Estelle Friedman, was found. Then an idea struck her. She would write to her mother-in-law, she thought, who would understand.

But the letter never reached Friedman's mother. Instead it was received and read by his first wife, who happened to be Mrs. Estelle Friedman of the Hotel Sherman. And now he is being sued for divorce.

The Inquiring Reporter  
Every Day He Asks Five  
Persons, Picked at Random,  
a Question.

The Question:  
Have you made provision for a place to live after May 1?

Where Asked:  
Randolph and Wabash.

The Answers:  
G. A. Ward, 3052 Warren avenue, physician—May frosts and increases in rents don't bother me any more—I got to stay away, and present conditions teach me to stay away.

Irene Kunglowsky, 336 West Schiller street, bookkeeper—We've got a regular landlord at our place—he didn't raise the rent a dollar. So we're nicely fixed and we are going to stay right in the same place. I sure pity the folks that have rent hogs to talk to.

Hugo Von Obstdorfer, 612 Wright street, lawyer—My landlord raised the rent from \$55 monthly to \$90. We tried to find another place, but were unsuccessful. We are going to stay where we are and stand the raise.

Anna Pies, 5762 Harper avenue, dictaphone operator—I guess I'll have to stay where I am, unless I can find a vacant lot to put a tent on. Maybe some nice young man who has a cozy apartment will come along and tinkle the wedding bells—you never can tell, you know.

H. Linwert, 6514 Ellis avenue, printer—My landlord raised the rent from \$35 monthly to \$90. We tried to find another place, but were unsuccessful. We are going to stay where we are and stand the raise.

"Own a Home" Army Flocks  
to "Own Your Home" Show

The "building boom" has started in Chicago. Evidence of fact was revealed yesterday at the "Own Your Home" exposition at the Coliseum, which already has been visited by more than 5,000 persons, all interested in one thing—possession of a home and escape from the profiteering landlord. The seriousness of the visitors impresses one of the most important features of the "Midway"—the principal exposition street, which is lined with model houses. Yesterday was "Plan a Home Day," featured by appropriate lectures.

"JUSTICE AIN'T  
BLIND," 6 HOBOS  
TELL THE WORLDTheir Bogus Money Tale  
Wins; Landis Lenient.

"Shoestring" Doyle and his five companions heaved a thankful sigh last night as they gazed at the pearly moonlight on the floor of the county jail.

For "Shoestring" and his mates only had thirty days to think of instead of five years—thanks to the ineffable hospitality of one "Buffalo Ike" and his sportive dispensation of some \$75,000. You see, if it hadn't been for "Buffalo Ike" the stampedede at Madison and Haled streets would never have occurred—and—let's tell the story.

"Shoestring" and his five partners, "Slim" Roach, "Blackie" Steps, "Spuds" Miller, "Dude" Smith, and

"Texas" Ducrost, climbed wearily from the roof of a box car in one of lower Chicago's numerous freight yards on the morning of Washington's birthday.

Start Out to "Do the Town."

It wasn't warm that day, and Shoestring's shoes leaked as they plodded toward the jail. They headed for the Hobo college for a feed. Then they went out to do the town in style. They got to Madison and Haled.

"You see," they chorused yesterday to Judge Landis, "we were standin' there givin' the town th' high sign and wishin' for a drink, when a feller comes along an' bumps into us."

"Hello, Jack," he sez to me. 'Want a drink?'

"Now, honestly, judge, them's no words to say to me on a cold day—ain't I right?'

"What did I say? I said, 'Sure—where is it?'

"Then what do you tink dat feller did? He pulled out two double handfuls of bills outa his pockets and he says: 'Whee! Looka me! I'm Buffalo Ike of Leadville, Colorado! I'm a wild wolf, an' I'm a howlin'!' An' den he gives a handful of dem bills to me and my partners. They was \$50 bills, too."

The Judge "Gets Him."

"Now dis feller was lit up some and us folks figured it was time to beat it after we got th' jack, 'cause he mighta wanted it back. D'ya get me, judge?'

"Shoestring" leaned confidentially toward the jurist, who smiled a bit and nodded.

"Well," Shoestring continued, "we ducked aroun' th' block and when we seen he wasn't comin' we headed for a dump dat sells booze. In we went an' up to th' bar."

"We asked for a booze and we got it. It had an awful kick—fer th' next thing I know th' cops was shakin' me up."

But to interpolate:

"Shoestring" gave the bartender one of the \$50 bills. Shoestring's appearance was far from prosperous—the bartender looked carefully at the bill.

"Old Hickory's" Eyes Crossed.

And behold—the face of Andrew ("Old Hickory") Jackson which looked back at him wasn't natural. "Old Hickory" had crossed eyes. The bartender phoned Capt. Thomas I. Porter of the secret service, who speedily arrived.

Shoestring and his companions went to jail—the bills were counterfeit. But—

"We ain't counterfeiters, judge," the "Shoestring" appealed. "We didn't know the jack was queer. We're just the fall guys for 'Buffalo Ike' dat's all. He give us dat jack—an' now we've got to stand th' stretch for it. It ain't fair, is it, judge?'

Now the maximum sentence for passing counterfeit bills is five years in the federal penitentiary. "Shoestring" and his companions were given the maximum about their fate. They shuffled their feet and caressed their unshaven chins, and looked real worried as the judge considered.

Gives Them Thirty Days Each.

Then: "W-e-l-l," drawled the judge, "I'll be easy on you fellows. Thirty days apiece."

Out in the hallway the quintet grinned at each other:

"Ain't that a right guy?" jubilated "Shoestring." "There he mighta given us a five apiece and he hands out just thirty days!'

Continue Inquest Over  
Pay Roll Bandits' Victim

The inquest over Hjalmer Johnson, messenger for the Brinks Express company, who was slain Saturday by pay roll robbers at the plant of the Uniform Printing and Supply company was continued yesterday to April 13.

## KERNEL COOTIE—THAT'S ALL FOR YOU, KERNEL

# 100,000 RUN OF ALL LIVE STOCK SLUMPS PRICES

## CHICAGO LIVE STOCK

Prices of live stock at Chicago yesterday were:

### HOGS.

Bulk of sales	\$ 7.00@10.40
Heavy butchers	9.00@9.35
Light butchers	8.00@8.35
Heavy mixed packing	7.50@7.70
Light mixed packing	7.00@7.25

Light mixed packing	6.00@6.25
Light mixed packing	5.50@5.75
Light mixed packing	5.00@5.25
Light mixed packing	4.50@4.75
Light mixed packing	4.00@4.25
Light mixed packing	3.50@3.75
Light mixed packing	3.00@3.25
Light mixed packing	2.50@2.75
Light mixed packing	2.00@2.25
Light mixed packing	1.50@1.75
Light mixed packing	1.00@1.25
Light mixed packing	0.50@0.75

### CATTLE.

Prime steers	12.00@13.50
Good to choice	10.00@11.50
Poor to good	8.00@9.50
Canine and inferior	6.00@7.50
Yielders	5.00@6.50
Heavy mixed packing	4.00@5.50
Light mixed packing	3.00@4.50
Medium mixed packing	2.00@3.50
Light mixed packing	1.00@2.50
Light mixed packing	0.50@2.00
Light mixed packing	0.25@1.50
Light mixed packing	0.10@1.00
Light mixed packing	0.05@0.50
Light mixed packing	0.02@0.25
Light mixed packing	0.01@0.10
Light mixed packing	0.00@0.05

### SHEEP AND LAMBS.

Western lambs, all grades	7.50@10.50
Native lambs	6.00@9.00
Lambs poor to best	5.00@8.00
Wethers, poor to best	4.00@7.00
Ewes, fair to best	3.00@6.00
Bucks	2.00@5.00
Sheep stock quotable	0.00@0.50

More than 100,000 head of all kinds of live stock arrived yesterday, far in excess of trade requirements. There was a general decline in values, with hogs off 25c, cattle 25c@50c, and lambs 10c@25c.

Closing trade was slow in all branches, with 15,000 hogs and quite a number of cattle and lambs left unsold. The best steers offered sold at \$10.10, hogs went as high as \$10.80, and top lambs sold at \$10.50.

### All Industries Weakening.

Besides the large supplies, all other industries were of a weakening character, including a dull and declining trade in dressed beef at the eastern markets, sharply lower prices on "change" provision for, and a new low level on the crop for May corn.

All but three of the regular packers were in the hog market, but with speculators indifferent buyers, they had all the advantage, and forced the general average off 40c to \$2.45, the lowest since Feb. 22. The average stood at \$2.80 a week ago, and \$14.85 a year ago.

### Exporters Buy Sheep.

Exporters purchased 128 lb short sheep at \$2.25, the feature in this branch of the trade. Top lambs sold to shippers at \$10.50, with the packers top at \$10.40. Western wool was sold at \$6.50, and yearlings as high as \$7.50.

Seven western markets received 57,000 cattle, 99,000 hogs and 58,000 sheep, against 40,000 cattle, 58,000 hogs and 55,000 sheep the previous Monday, and 29,000 cattle, 71,000 hogs and 40,000 sheep a year ago.

Estimated receipts at Chicago for today are 11,000 cattle, 50,000 hogs and 12,000 sheep, against 51 cattle, 17 hogs and no sheep the corresponding Tuesday a year ago, when a strike among stockyard workers shut off supplies.

### Yesterday's Hog Purchases.

Hog purchases yesterday by Chicago packers and others follow:  
Armour & Co., 4,000; Miller & Hart, 800; Swift & Co., 1,300; Wm. Davies Co., 800; Hammond Co., 1,700; Others, 2,000; Morris & Co., 2,500; Shippers, 9,000; Wilson & Co., 2,700.  
Total, 24,200.  
West. P. Co., 3,000; Left over, 15,000.

### LIVE STOCK MOVEMENTS AT CHICAGO.

# SEARS-ROEBUCK TOPS DIVIDEND AS TRADE SLOWS

BY O. A. MATHER.

Nine months of business depression and falling prices were reflected yesterday in the action of Sears, Roebuck & Co., the big Chicago mail order house, in discontinuing dividends on the common stock. The action of the directors in passing the May quarterly dividend of 2 per cent was almost a foregone conclusion in view of payment of the previous quarterly dividend in scrip and failure of business to pick up in the last three months.

By cutting off the common stock dividend the company will save at the rate of \$1,000,000 a year, the common stock outstanding being \$105,000,000. This will add to the company in reducing its large obligations, one item of which is the maturity of \$15,000,000 notes next October.

Rate 8% Since May, 1917.

The common stock dividend rate has been 5 per cent annually since May, 1917. Dividends were begun in 1909 at the rate of 4 per cent annually, increased to 6 per cent late in that year, and then to 7 per cent in 1910.

The beginning of the year found the company with a large volume of merchandise and an accumulation of indebtedness caused by the general slump in business and greatly reduced demands on winter goods, due to lack of cold weather, a statement issued by the directors said. "Expenses have been curtailed and sales are showing substantial increases. March sales will be approximately \$15,000,000, which is 16 per cent less than March, 1920, and 3 per cent less than March, 1921.

"The condition of the company has greatly improved since Jan. 1 and liabilities are being materially reduced. The company has no commitments, direct or indirect, other than those necessary for the current conduct of its business upon the present volume of sales, and all of the company's commitments are based on the present level of prices."

Story One of Steady Growth.

Previous to last year the business of Sears, Roebuck & Co. showed steady expansion, net sales increasing from \$31,135,136 in 1909 to \$223,985,584 in 1920, and with only a slight decline in 1921.

Earnings available for dividends increased from \$6,192,000 in 1909 to \$24,324,441 in 1921. This expanding business was attended by an increase in the common stock through stock dividends from \$105,000,000 in 1911 to \$105,000,000, the stock dividends being as follows: 23 1/2 per cent in 1911, 50 per cent in 1915, 25 per cent in 1917, and 40 per cent in 1920.

The market price of the common stock rose from \$20 in 1909 to \$25 in 1917, and in April, last year. The price yesterday was around \$26 a share.

The directors of the United States Smelting, Refining and Mining company yesterday voted to omit the dividend on the common stock. Three months ago the quarterly dividend was reduced from \$1.50 to \$1 a share. The Punta Alegre Sugar company reduced its quarterly dividend from \$2 to \$1.25 a share, thus lowering the annual rate from 8 to 5 per cent.

Advance Rumors Gains Drop.

As a result of increased expenses and losses on inventory and securities, the annual report of the Advance Rumor company for the year ended Dec. 31, 1920, show net profits after all charges and federal taxes of \$1,277,231, equivalent after preferred dividends to \$3.48 a share on the 12,550,000 outstanding common stock, compared with \$2,401,907, or \$2.02 a share, in 1919. # BETTER TONE IN GRAIN MARKETS; CLOSE IS HIGHER

BY CHARLES D. MICHAELS.

All the grain markets had a better tone, especially toward the last. There were several dips in prices earlier in the day, but these were more than recovered, the close being at a round the best of the day, with wheat up 2 1/4 c., corn 3/4 c., oats 1/2 c., and barley 1 1/4 c., while rye was 1/4 c. lower.

Freezing temperatures over the south-west, and rain, snow and hail over parts of Kansas, Oklahoma and Nebraska, said to have damaged the fruit crop, which was well advanced, and injured wheat that was jointed. A report from Dodge City, Kan., said 75 per cent of the jointed wheat had been frozen to the ground. Temperatures were down to the freezing point in Oklahoma, and a message from Vincennes, Ind., said that at Franciscus from 30 to 40 per cent of the wheat was jointed and apparently killed. While all the traders did not take these reports seriously, they had a restraining effect on the selling.

Wheat at Chicago was down to cash price for red and hard winters. At Minneapolis the spring wheat was 1/2 c. higher and other grades were unchanged, with flour sales light. Exporters are finding difficulty in buying cash wheat, and there is a healthy situation. Sea-board houses bought 300,000 bushels of wheat here and reported 1,500,000 bushels for export, despite the fact the day was a religious holiday abroad. Although cash wheat is at March price, the March is 139 1/4 c. over May, and the July, in which trade started yesterday, is 17c under May.

Trading in July wheat started at \$1.22 1/2, higher than expected. The close was \$1.25 1/2, higher than the close of the previous day, owing to light offerings, and closed at \$1.27 1/2, while May was closed at \$1.24 1/2, and the July at \$1.43 1/2. There was early buying of wheat in expectation of the big crop in the visible supply, which aggregated 3,018,000 bushels, against 1,771,000 bushels last year, making the total only 20,761,000 bushels, against 25,346,000 bushels last year. Chicago stocks are 865,000 bushels, an increase of 104,000 bushels over the week, and these, with the big export clearances of 2,319,000 bushels, attracted attention.

Corn Bought on Break. May corn sold at new low levels at 63 1/2 c., with a rally of 1 c. and closed ground the day at 64 1/2 c. Local traders were the best sellers on the bottom and buyers around the top. There was influential commission house buying at 63 1/2 c. Country offerings were light, and cash discounts on the low grades 1/2 c. under, with No. 5 grades 10 1/2 c. under May. Cash prices were unchanged to 1/2 c. lower, with shipping sales 26,000 bushels. Receipts were 57 cars. Local stocks increased 2,000 bushels, and are 13,888,000 bushels, while the visible supply, with its increase of 2,227,000 bushels, brought the total to 22,074,000 bushels, against 25,886,000 bushels last year.

Shorts were the buyers of oats and found selling pressure lighter, which, with the strength in other grains, created a more confident feeling. Oat country offerings also helped in that direction. Cash prices were unchanged to 1/2 c. lower, with shipping sales 75,000 bushels. Visible stocks decreased 9,000 bushels, and are 34,132,000 bushels, against 35,760,000 bushels last year. Rye futures were easy with fair offerings by eastern holders, which was partly offset by the strength in wheat. Cash prices were 1/2 c. over May, with 27c over bid, track Baltimore. The visible increased 187,000 bushels.

Provisions Close Low. Small packers hedged the product of their houses and investment buying and short covering absorbed the offerings. Closing sales were at the lowest of the day, with pork off 6 1/2 c., lard 30 c., and short ribs 30 1/2 c. Prices followed:

MEAT MARKET. High, Low, 1921, 1920. May 11.50 11.00 11.27 11.92 11.92 11.92. May 11.50 11.00 11.27 11.92 11.92 11.92. May 11.50 11.00 11.27 11.92 11.92 11.92.

## NEWS OF THE CROPS

John Inglis, the Logan & Bryan crop expert, in a message from Oklahoma City, said: "From Newton, Kas., south to Ponca City, Okla., wheat looks splendid. Stock still running on wheat fields are not checking the growth much. Have been driving for two days in the area, across brush thick in every field. Some will be plowed up, and yet there is a fair prospect that the large acreage may be saved. Never saw so much insect life in the fields so early. Acreage of oats is increased. They show good stand, but doubtful if they will escape the oat looper. Southern rye rather forward and corn planting is under way."

The Santa Fe railroad crop report said wheat is in good condition on the south-west, with plenty of moisture in most sections. Plowing and planting for corn is under way in Texas and Oklahoma and starting in Kansas. Cotton acreage in Texas reduced. Grain loadings last week were 1,402 cars, against 1,797 cars the previous week and 1,147 cars last year.

Crop reports from Missouri say some damage has been done by freezing weather in the southwest, where wheat is jointed.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases, discoloration, and small dark spots, characteristic of old paper. The left edge of the page shows the binding of the book, and the overall tone is a warm, off-white or light beige.

Pomeroy street, Kenosha, Wis.—  
Bookkeeper.

MISS A.—  
Nevada, Ia.—Student.  
[Photo by Hess.]

WHAT would you do with \$10,000 if you fell heir to it suddenly?  
Marion says she would refurnish her home with beautiful rugs and upholstered furniture, buy some paintings, and then, if there was anything left over, she'd buy an automobile so her grandmother could go riding every day.  
Nora says she would go on a clothes debauch the like of which he has only dared dream of, then go traveling and, when the money ran out, back to her job again.

Martha and Margaret claim they'd be seen running wildly for the first steamship office. Louisa says she'd go on the stage. Eleanor would buy a farm, and Katherine and Miss C. would put it in the bank and think about what they would do with it, and maybe, while they were thinking, look around at automobiles.

Unfortunately, none of these girls are eligible for THE TRIBUNE Beauty Contest on account of their occupations. But there are thousands of girls eligible enough to ask themselves:

"What would you do with \$10,000 if you won the big beauty prize?"  
Submit your photograph and maybe your dreams will come true. Ten thousand dollars will be awarded to the most beautiful girl when she is found. In addition ten prizes will be distributed in each of the six territorial divisions—the city of Chicago, the state of Illinois outside of Chicago, the state of Indiana, the state of Iowa, the state of Wisconsin, and the state of Michigan.  
The first prize in each of these divisions will be \$1,000, the second \$250, the third \$100, and the remaining seven \$50 each.

The grand prize winner will receive not only \$10,000 in cash, but also one of the sixty territorial prizes.  
The contest is open to every girl, unmarried or a widow, who resides anywhere in the five states, except professional beauties.  
Select a photograph of yourself or some girl friend and write plainly on the back of it the name, street address, and occupation of the entrant.  
Send the photograph to "Beauty Contest," CHICAGO TRIBUNE, 7 South Dearborn street, Chicago.  
Contest closes April 5.

BEAUTY ANSWERS

Antoinette  
TITIAN HAIR: WHY not  
gin brushing it regularly? Depend  
that brushing is the best way to  
of the hair with a good brush  
stiff bristles you stimulate the  
there to activity and at the same  
you mechanically cleanse the  
accumulated dust and grease. Th  
who brush their hair regularly  
tinguished by a healthy glow in  
hair.

D. C.: WHY NOT HAVE A  
daylight saving of your own  
take a half hour each day and  
it to building yourself up. If you  
only walk that long every  
could wager a much happier  
on life for you. You know the  
is that you get neither exercise  
fresh air. Try it just for a  
anyway, won't you? At the end  
time you will not have to be urg  
will be doing the urging.

JENNIE: DANDRUFF IS A  
communicable disease of the  
One member of a family where a  
most brush is in use may infect  
entire family. Sixty grains of soap  
to one ounce of plain vasoline oil  
every night is a dandruff remedy.  
hair will require more frequent wa  
ing, to be sure, when using it.

EDITH: HARD, BRILLIANT  
ors like that yellow orange you  
scribe with the king blue shampoo  
ment are not for the woman past  
first bloom. There are yellows and  
blues which tone in beautifully and  
of a softened shade that permits  
guse by the older woman. Soft  
materials help the necessary color

GRACE R.: WHY REDUCE  
face? If it is naturally plump  
should be an asset to be pleased  
I am getting letters all the time  
girls whose faces are thin and str  
on early wrinkles, which is what  
plump face does not have to w  
about.

MRS. R. M. F.: ANY EXERCISE  
that include movements of the arms  
bust muscles are best. I have  
exercises, illustrated clearly and  
described for bust, shoulder, and  
back reduction or gaining the  
think worth while your sending a  
for.

ASA: WANT A POWDER FOR  
la? Ten parts rice starch, 5 parts  
lin, 5 parts talc, 2 1/2 parts white  
zinc, 1 1/4 parts oxide of zinc, 1  
magnesia-carbon, 1/2 part chalk.  
your own favorite perfume.

The Key to Better Bakings

# CALUMET BAKING POWDER

WITH Calumet you hold the key which unlocks every baking secret.

The housewife's measuring-spoon and Calumet Baking Powder safeguard every baking recipe.

As the Balanced Ration is the key to proper feeding, so too, is balanced leavening the key to successful baking.

And Calumet has more than the ordinary leavening strength—although you use less, perfect results are obtainable. This means real economy—you save when you buy it—you save when you use it.

Calumet is "Best by Test" because every ingredient entering into the manufacture must meet the highest possible standard of perfection. This is safeguarded by critical and exacting tests of Calumet expert analytical chemists. A sample of the combined ingredients is again tested for purity and strength and last by skilled chefs for perfection in baking quality.

That's why Calumet is sold under a guarantee of money back if you don't find it the most economical and perfect leavener you ever used.

A pound can of Calumet contains full 16 ounces. Some baking powders come in 12 ounce cans instead of 16 ounce cans. Be sure you get a pound when you want it.
